#### Dear Shareholders

It is a delight to share one of the best performance of Mayur Uniquoters Limited on its Foundation Day and the visibility gives us confidence for an even better performance in the future.

It gives me great pleasure to present our Annual Report for the financial year 2022-23 on the occasion of the 30th Annual General Meeting ("AGM") of Mayur Uniquoters Limited.

I warmly welcome all the shareholders in the 30th Annual General Meeting and convey my sincere thanks to you for the trust you have reposed in the business. Your confidence has infused new energy within the Company to further evolve and grow the operations while always staying relevant to customers. I look forward to sharing the future success of the Company with you.

Further, we continue to uphold our rich legacy with dedication and diligence. Over the years, we have seen our business landscape evolve in step with changing consumer aspirations, new technological breakthroughs and business norms. However, in the midst of all these transformations, our core purpose remains the same to meet everyday consumer needs with Innovative and sustainable solutions. Our primary purpose inspires us to pursue excellence and efficiency in every aspect of the business.

It is also hereby notable that the global environment is going through considerable changes. Geopolitical factors such as the conflict between Russia and Ukraine, rising inflation and volatile commodity prices have caused slowing down of global growth and created stress in the overall economic environment.

We have mapped for ourselves are part of our larger vision for the future, which is rooted in our strong sustainability ethos. We believe in creating value that goes beyond numbers, to encompass benefit that we create for our stakeholders and the long-term positive impact of our business on the environment.

Our Vision and pioneering work around talent clouds have reinforced its credentials as a thought leader on the future of work, and a trend setter in the industry.

Your Company gives due importance to its human resources and focuses on improving HR practices and processes for enhancing employee satisfaction through participation and engagement. During the year, your Company conducted various employee engagement activities and also undertook several initiatives to ensure both physical and mental wellbeing of the employees. The Company

maintained a friendly working environment by providing the safe working conditions for the employees and enabled them to contribute their best. Mayur accords great importance to the training and development of its employees, for enhancing their skills and expertise in various areas. During the financial year 2022-23 Mayur Uniquoters Ltd. has been awarded the Best Employer-2022 award by The Employer's Association of Rajasthan.

The Company has been also awarded "Special President Trophy-2022" for achieving highest level at global presence in R&D and innovative recycling technology.

We are also dedicated to promoting the health and wellness of our employees and their families. To support this, we have organized a full-fledged health check-up of the employees at our plants by the trained medical staff. Apart from this the ambulance services, and other medical facilities are also available at our plant. Our goal is to provide our employees with access to quality healthcare and promote a healthy lifestyle.

At Mayur, we recognize the importance of safety and have introduced various initiatives to ensure the highest standards of safety must be used in our operations at the plant. With a systematic approach to safety and engaging programs, we strive to maintain a safe workplace for all.

We are aware of our environmental impact and take measures for ecological balance in and around production facilities. Our focus on effective energy utilization helps reduce energy consumption and operational costs. We also believe that sustained economic growth cannot be achieved without social progress and an organization must maintain highest standards of corporate behavior towards its investors, stakeholders, employees and societies in which it operates. Being a responsible corporate citizen, your Company has always discharged its social responsibility as a part of its Corporate Governance philosophy. The Company is committed to make a positive contribution to the society and community. Under our Corporate Social Responsibility program, the company

has adopted Phagi block, Govindgarh, Jaitpura and Dhodsar village where it works on promoting health care including health care, Environment Sustainability by developing an Oxygen Zone, Promoting Rural Sports, and Promoting Education for Meritorious students, Skill Development and also worked on Rural Project by construction of road in the village. The government of Rajasthan has recognized these initiatives on various platforms.

Asia Pacific is the largest manufacturer of synthetic leather and the global market size of synthetic leather was valued at USD 36.17 billion in 2022. It is expected to grow at a compound annual growth rate (CAGR) of 6.4% from 2023 to 2030.

Further from the market perspective, the PU synthetic leather segment led the global market accounting for the largest revenue share of more than 55% Share of the global revenue in 2022. The segment will expand further at the fastest CAGR from 2022 to 2030.

Your Company is supplying directly to US automotive companies i.e. Chrysler, Ford and Mercedes Benz and also supplying to Honda, Maruti, MG Hector, Mahindra Tata, Nissan, Toyota, Kia, Hyundai in India. Your company exports the products to United States, United Kingdom, South Africa, China and other European Countries etc. We have a diversified clientele across various industries and caters to the synthetic leather requirements of reputed players in automotives and footwear industry.

Mayur has total annual production capacity of 48.60 million linear meters of PVC coated fabric and 5.00 million linear meters of PU coated fabric, which makes it one of the largest manufacturers of artificial leather in ladia.

We have entered into the furnishing business also through our wholly owned subsidiary Mayur Tecfab Private Limited under the brand name "TEXTURE AND HUES" to serve our retail customers. Approximately 40%

synthetic leather market is in furnishing business and we are making 1000 dealers across India for capturing this market. We believe that this step holds tremendous promise and potential. New beginnings have something magical, they allow us to see things with fresh eyes while preserving all the synthetic leather market experience we have gained over the years.

Your Company is very particular to control the cost and enhance the working efficiency to achieve the overall objective of the Company. In this direction, the Company is following TPM, TQM and lean management to improve the efficiency and reduce the cost with the continuous engagement with the foreign buyers, we are sure that we will be able to further increase our market share in many foreign countries in the coming years, Further the Company's Specialised teams in design, development, project management and product testing focus on delivering superior products that comply with the government Regulations.

Because of superior durability, synthetic leather is increasingly replacing genuine leather in the footwear industry. It can be found in uppers, linings, and insoles of shoes, as well as sandals. Faux leather shoes are three times less expensive than those made of animal hide, which helps to propel the synthetic leather market forward. These factors are expected to drive the growth of the artificial leather market.

Further as per the global footwear market – industry trends and forecast to 2028 report as published by Research Dive, the footwear market is expected to grow at 12.83% in the forecast period of 2021 to 2028.

Your company, being a leader in the synthetic leather industry and an organized player, has been able to leverage the emerging opportunities and has delivered exemplary performance in the coming years both in national and international business.

During financial year 2022-23, we

delivered strong financial performance in terms of revenues and profitability growth. Despite the challenges, Your Company has achieved total revenue amounting to Rs. 77,983.03 Lakh and the Net Profit After Tax (PAT) amounting to Rs. 10,748.14 Lakh on Standalone basis. While the total revenue amounting to Rs. 79,337.65 Lakh and the Net Profit After Tax (PAT) amounting to Rs. 10,420.70 Lakh on Consolidation basis.

Your company has been guided by a set of strong beliefs, right from the time it was founded. Belief in our core values, belief in putting the customer above all, belief in investing in people and empowering them, belief in constantly trying out new ideas and models, and belief in doing right by all the stakeholder communities we work with.

I look to the future with a great deal of optimism. The government has always been very supportive of manufacturing and I expect conditions for increasing our competitiveness and growth will continue to in the coming year. Your Company is well positioned to lead growth in the coming years.

I am also thankful to all the employees and team as your energy, dynamic efforts, talent and positivity ensure that Mayur always "shines to win".

I also extend my sincere thanks for assistance, believe, confidence, cooperation and support received from the Customers, Suppliers, Bankers, Financial Institutions, Auditors, State and Central Government, Regulators, Advisers, Community and Society. I am also acknowledged and appreciate to our Directors and all stakeholders for their continuous believe and support.

I look forward to continued support as we take on the challenges of the future.

With Warm Regards

#### **Preserving Every Drop: Rainwater Harvesting**

Rainwater conservation stands as a crucial pillar of sustainability, vital for preserving the very essence of our planet. In line with this vision, our company has taken a proactive approach to capture and conserve rainwater that would otherwise go to waste on the roads. Through a carefully designed pipeline system, we redirect this precious resource to a community pond located outside the village. This initiative ensures a year-round water supply for animals and birds, while also contributing to the replenishment of underground water sources.

The harvested rainwater also serves the purpose of watering approximately 11,000 plants in the vicinity, fostering their growth and vitality. This endeavor holds the promise of a cleaner environment, instilling hope for a greener future. In addition, this process conserves an impressive 2 lakh liters of water annually, further emphasizing our dedication to responsible water management and sustainable practices. Mayur Uniquoters Limited remains committed to making a positive impact by preserving every drop and safeguarding our precious natural resources.

#### Harnessing the Power of the Sun: **Our Commitment to Solar Energy**

At Mayur Uniquoters Limited, we firmly believe in the importance of sustainability, In line with our Corporate Social Responsibility initiatives, we have consistently promoted the adoption of solar energy in the neighboring areas surrounding our factory.

We installed a state-of-the-art 20 KW solar power plant in Gram Panchayat Dhodhsar, along with a 5 KW solar pump in the Primary Health Center Dhodhsar and a 10 KW solar pump in the Government Nursery. These installations have significantly reduced our dependence on conventional electricity, resulting in nearly zero electricity bills and an annual benefit of two and a half lakhs for the Gram Panchayat. Furthermore, the strategic placement of solar street lights throughout Gram Panchayat Dhodhsar has not only enhanced visibility at night but also ensuring the safety of pedestrians, particularly women and girls who can now navigate the village with confidence. With these initiatives, Mayur Uniquoters Limited is dedicated to creating a greener and more sustainable future for our communities and the world at

## **Empowering Anganwadi Centers: Enriching Lives**

Mayur Uniquoters Limited has provided support to 20 Anganwadi Centers in the Chomu and Govindgarh areas. We have equipped these centers with essential resources such as uniforms, furniture, toys, and learning materials, empowering them to enrich the lives of children. Our continuous financial assistance over the past five years ensures their sustained growth and impact for the next three to four years. Together, we are nurturing young minds and building a brighter future.

8

As part of our commitment to support the Government Nursery of Gram Panchayat Dhodhsar, MUL has taken significant steps to bolster its financial strength. To ensure proper care and protection from harsh weather conditions, we provided 35,000 saplings to the village of Badawali Dhani, after meticulously preparing them with green netting. This initiative aims to cultivate 100,000 plants annually, fostering substantial growth in both the Gram Panchayat's income and employment opportunities.

Recognizing the importance of nurturing these plants, we have also supplied regular medicines for their wellbeing. Through this partnership, Mayur Uniquoters Limited strives to empower the Government Nursery, paving the way for a flourishing ecosystem and contributing to the sustainable development of the region.

#### Promoting Health and Well-being: **Family Planning and Immunization**

In alignment with our long-standing commitment to community health, Mayur Uniquoters Limited has continued its efforts in the Fagi block. This year, we proudly achieved the target of immunizing 1,700 infants, sustaining a vaccination program that has been ongoing for the past 20 years. Additionally, we successfully completed a sterilization program, ensuring the well-being of 16 women from Dhodhsar village. Our dedication to family planning and immunization reflects our commitment to promoting a healthier future for individuals and communities alike.

#### **Empowering Athlete:** The New Running Track

Mayur Uniquoters Limited has constructed a 400-meter running track in the revenue village of Badawali, Gram Panchayat Dhodhsar. This track serves as a training ground for youth, enabling regular practice and supporting their athletic pursuits. It has proven particularly valuable for children preparing for army careers. Nearby villages witness enthusiastic participation as promising individuals utilize the track for morning and evening sessions. Furthermore, we have provided 20 hockey players from the Gram Panchayat with essential equipment and gear. Through these initiatives, we are fostering a culture of fitness and sports excellence within the community.

#### **Championing Athletes:** Khiladi Hamara

Mayur Uniquoters Limited has been providing financial assistance to talented athletes for the past three years. Krishna Sharma, an outstanding boxer in the 95+ weight group, achieved an impressive India Rank II and earned a silver medal in the National Police Boxing Championship. As a testament to his dedication, he was promoted to the Rank of Sub Inspector in the Rajasthan Police this year. Similarly, we extend our support to Mukesh Nitharwal in his pursuit of excellence in the 20-kilometer walking event. Hailing from rural backgrounds, both athletes have received our financial assistance, and we take great pride in their achievements. Mukesh secured a gold medal, and both athletes are now diligently preparing for the Olympic Games. Mayur Uniquoters Limited remains committed to empowering athletes and supporting their dreams of sporting success.

#### Creating an Idyllic Haven: The New Shyam (Mayur) Park

As part of our commitment to developing Dhodhsar as an exemplary village, we have undertaken various initiatives, including establishing tree nurseries, constructing water ponds, improving roads, and implementing solar solutions. Continuing this transformative journey, we have embarked on the development of a community park, poised to be a centerpiece of the village. With a projected completion timeline of three years, this park will serve as a vibrant and welcoming space for residents and visitors alike. Mayur Uniquoters Limited is proud to contribute to the creation of a harmonious and picturesque environment, enhancing the quality of life in Dhodhsar.

Corporate

#### **Nurturing Values of Life: Empowering the Next Generation**

Recognizing the importance of preserving Indian culture and instilling core values in children, our company took the initiative to educate 1,800 students across 18 Government Higher Secondary Schools on life skills. This comprehensive program involved active participation from teachers as well. Following a three-phase examination, a positive transformation was observed, with both students and teachers becoming more conscious of the values imparted. Our commitment to nurturing values has paved the way for a brighter future, fostering awareness and character development among the young generation.

#### **Expanding Educational Spaces: New Classrooms for Growth**

Mayur Uniquoters Limited has undertaken the construction of five new classrooms in the Government Higher Secondary School. These additional classrooms will provide a significant benefit to over 200 children annually, creating a conducive learning environment for their education and growth. We are proud to contribute to the expansion of educational spaces, ensuring that more students have access to quality education.

#### **Nurturing Dreams: Scholarships for Promising Students**

In a bid to support education and empower under privileged students, Mayur Uniquoters Limited distributed Rs. 19 lakhs as scholarships to students from rural areas. These scholarships were awarded to deserving students in classes 10th and 12th, as well as to 72 talented individuals who achieved more than 75 percent marks. This financial assistance provides crucial support to children, enabling them to pursue their education and giving them the strength to chase their dreams. Mayur Uniquoters Limited is proud to contribute towards a brighter future for these promising students, fostering a culture of learning and empowerment.

#### **ECONOMIC OVERVIEW**

#### **GLOBAL**

Global economy has experienced three major events since 2020:

- Pandemic leading to contraction of global output
- Geo-political development in Eastern Europe resulting in a worldwide surge of inflation
- Action by Central banks across economies to curb inflation through interest rate hikes

All these have impacted the global economy in the last three years and will continue in the near future as well. In its January 2023 report, IMF forecasted that against an

estimated global growth of 3.4% for 2022, growth will fall to 2.9% in 2023 followed by 3.1% in 2024 - three consecutive years of growth lower than the historical average of 3.8%.

Signs are apparent that monetary policy tightening is starting to cool demand and inflation, but the full impact is unlikely to be realised before 2024. Global headline inflation appears to have peaked in the third quarter of 2022. Prices of fuel and non-fuel commodities have declined, lowering headline inflation. As the central banks are hinting at future rate hikes to further stabilise inflation, the downside risks to the global economic outlook appear elevated. Global forex exchanges were in a highly volatile environment in 2022.

## Domestic Economy - India will continue as the fastest growing major economy

The Indian economy, however, appears to have moved on after its encounter with the pandemic, staging recovery in FY 2022-23 ahead of many nations. RBI in its Monetary Policy announcement during February 2023 projected 7% GDP growth for FY 2022-23. These optimistic growth forecasts stem in part from the resilience of the Indian economy seen in the rebound of private consumption seamlessly replacing the export stimuli as the leading driver of growth. The uptick in private consumption has also given a boost to production activity resulting in an increase in capacity utilization across sectors. The rebound in consumption was facilitated by the near-universal vaccination coverage overseen by the government that brought people back to the streets.

The growth rate reflects the strong fundamentals of our economy as it has emerged as the fastest-growing major economy in spite of the fact that India has also faced the challenge of reining in inflation as the Central Bank has taken measures on the policy fronts to manage the inflationary pressure. The RBI also projected the economic growth slow down to 6.4% in FY 2023-24, citing risks from geo-political tension and tightening global financial conditions.

#### INDUSTRIAL STRUCTURE AND DEVELOPMENTS

The Synthetic Leather Market is witnessing significant growth owing to the rising demand for animal-free and eco-friendly products across various end-use industries. Synthetic leather, also known as faux leather, is a manmade material that looks and feels like real leather but is

#### 30th ANNUAL REPORT 2022-23

made from plastic or other synthetic materials. It offers several advantages over traditional leather, such as costeffectiveness, durability, and easy maintenance. The synthetic leather market is driven by the increasing demand for furniture, footwear, automotive interiors, and fashion accessories made from synthetic leather. Moreover, the growing awareness among consumers about animal welfare and environmental sustainability is also propelling the growth of the market. The market for synthetic leather is highly competitive, with several global and regional players operating in the market. The Company is focusing on product innovation and development to cater to the changing demands of the consumers. The Company is investing in research and development activities to introduce new and advanced materials that offer better quality and durability. In the present era the demand of synthetic leather in the automotive industry sector is increasing day by day. Therefore the growth in the market of the Company will also be increase accordingly in future. To achieve the desirable growth in the market and to meet out the increased demand of the customers in the prevailing scenario of the market, the management has to keep eagle eye on the fluctuating prices of raw materials.

The Global Synthetic Leather Market size was valued at US\$ 36.17 Bn in 2022, and is Projected to reach US\$ 59.42 Bn by 2030, with growing healthy CAGR of 6.4% over the Forecast Period 2023-2030. Healthy growth of the footwear industry across the globe and increasing demand in synthetic leather in the fast growing automotive industry are driving the market growth.

The Indian leather, leather products and footwear Industry holds a prominent place in the Indian economy. This sector is known for its consistency in high export earnings and it is among the top ten foreign exchange earners for the Country. At present, synthetic leather is increasingly being used in a range of applications, which include footwear, interior designing, furnishing, automotive interiors, garments, and luxury goods.

The PU synthetic leather segment led the market and accounted for more than 55% share of the global revenue in 2022. It has been witnessing promising growth, in terms of product quality, variety, and yield. Polyurethane is waterproof, softer and lighter than real leather, and can be dry cleaned and torn easily than real hides. It also remains unaffected by sunlight. In addition, it is an eco-friendly substitute for vinyl-based products as it does not emit dioxins. All these factors are expected to augment its demand further.

The footwear segment led the market and accounted for more than 30% of the global revenue in 2022. Its application is getting nearer to genuine leather, which is increasingly replacing the applications in handbags, briefcases, car furnishings, and clothing. Rising income levels and economic growth, especially in emerging nations, have fuelled the demand for footwear. In addition, the segment is led by variations occurring in climatic conditions of different regions, which need different types of footwear.

The automotive industry is growing at a significant rate during the past few years coupled with the growth of the evehicles in recent years. Automotive market has a significant growth rate in the Asia-pacific region and across the globe. Synthetic leather is used to provide dashboard linings for the cars, gear boot, roof linings, door panels, trim panels head and arm rest, seats and other parts, due to its high wear resistant and durability are used across heavy vehicles and carriers, passenger's vehicles, bike and other locomotive. Additionally, the growth of autonomous or e-vehicles is further expected to boost the synthetic leather market. Thus, increasing demand for synthetic leather is the fast growing automotive industry is likely to drive the growth of the artificial leather market revenue.

#### **BUSINESS OUTLOOK**

The Asia Pacific dominated the market and accounted for over 40% share of the global revenue in 2022. China, India and South Korea are expected to be the major growth-driving economies in APAC. Rising disposable income, coupled with the increasing population, will provide numerous opportunities for the market. The synthetic leather market grows at a significant rate and offers opportunities for various manufacturers. This region has a share of approximately 61% of the world's population, and the manufacturing and processing vertical are growing at a faster pace in the region and it is the leading synthetic leather market with being the major market, which has a positive growth outlook.

Mayur, has the largest capacity for manufacturing of synthetic leather in domestic organized segment with capacity of annual production of 48.60 Million linear meters of PVC coated fabric and 5.00 Million Linear meter of PU coated fabric. MUL manufactures more than 400 variants of artificial leather from PVC polymer which finds application in footwear (shoes/sandals insole and uppers), automotive (seat upholstery and inner linings), furniture & fashion items (apparel) and leather goods.

#### 30th ANNUAL REPORT 2022-23

# 30th ANNUAL REPORT 2022-23

24. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate

the risk along-with its financial implications, as per the following format

S. No.	Material identified issue	Indicate whether risk or opportunity (R/O)		In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications) Positive
1.	Development Development	O	The establishment of an Oxygen Zone in Mayur offers a promising opportunity. This initiative not only contributes to environmental sustainability but also brings about long-term benefits for the ecosystem. By undertaking this project, the company can effectively enhance its brand image, while fostering a deeper sense of community engagement and connection.	i. We have extraordinary accomplishment of planting a total of 6500 trees across four distinct locations: Badawali, Bhomiya Ji Park, Singod Kalan, and Jaitpura School Ground. These sites, conveniently positioned within a radius of 1 km and 3 km near our Dhodsar factory, evoke a sense of joy and fulfillment.  ii. During this reporting period, a total of 6000 plants were established, and we have successfully planted 17000 trees on 28 hectares of land so far.	Fositive
2.	Air Quality	R	Air quality poses various risks for companies, including potential health hazards for employees, decreased productivity, increased absenteeism, higher healthcare costs, and potential damage to the company's reputation. Poor air quality can lead to respiratory issues, allergies, and other health problems, which can result in reduced employee performance and efficiency. Moreover, high levels of air pollution can lead to increased sick leaves and healthcare expenses for both employees and the company	During the reporting period, a Bag Filter was installed in one Thermopack unit as a technological intervention to improve air quality. The site plan highlights ten emission points, and	Negative
3.	Clean water & Sanitation	R	Clean water and sanitation risks for companies include compromised employee health, increased operational costs, regulatory non-compliance, reputational damage, and legal liabilities. Insufficient access to clean water can lead to waterborne diseases, while poor sanitation facilities can impact productivity and cause accidents. Non-compliance with regulations can result in fines and penalties, damaging reputation and stability. Inadequate facilities may lead to legal liabilities and financial burdens.	We have improved the water quality by inducing technological advancement in our ETP process installation of MBR Module of 140 KLD	Negative

S. No.	Material identified issue	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
4.	Reduction in GHG emission	R	Greenhouse gas emissions can lead to regulatory non-compliance, reputational damage, increased operational costs, legal liabilities, and vulnerability to climate change impacts. Failing to address these emissions can result in fines, penalties, and negative perceptions from stakeholders, affecting the company's stability and long-term sustainability.	The Company has done baseline measurement of year in 2021-22 with Global PCCS as a second party consultant.  For 2022-23, we are doing GHG accounting with MNIT as second party consultant. We are actively analyzing and monitor our GHG gas emissions for better understanding of its environmental impact.  For Decreasing the GHG, we are moving towards sourcing from Local Suppliers: for reducing the transportation distance.  Green Supply chain: We want our supply chain to comply with our policies and we are starting the assessment of sustainability of Supplier.  As part of our ongoing efforts, we are currently engaged in conducting a comprehensive Life Cycle Assessment (LCA) of our product. Our primary objective is to gain a thorough understanding of the product's carbon dioxide (CO2) emissions throughout its manufacturing process. Moreover, we are actively exploring opportunities to replace certain components with Sustainable alternatives. By adopting this approach, we aim to mitigate our ecological impact and transition towards a more sustainable product.	
5	Energy consumption, monitoring, and efficiency	0	Exploring energy consumption, monitoring, and efficiency presents an excellent opportunity to optimize resource utilization, minimize environmental impact, and enhance operational efficiency. By focusing on these aspects, organizations can drive sustainability, reduce costs, and improve overall performance while contributing to a greener and more sustainable future.	We are performing energy saving projects implemented during this fiscal year which includes:  a. We have replaced 255 conventional lights of plant with 101 LED lights which led to saving of 32.85 MWH of saving  b. Explosive Godown Air Washer Unit 5.5Kw (02Nos) Drive Installation  c. Installed the Cooling Tower 200 Tr for printing 5 for reducing water and power utilization	Positive

S. No.	Material identified issue	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
6	Occupational Health and Safety (OHS)	R	OHS is both risk and opportunity for us. It is risk because  1. It is associated with environment, machinery, chemicals that poses to threat to employee health and safety  2. Neglecting OHS can face legal consequences, penalties, and fines.  3. OHS practices can harm a company's reputation  It is Opportunity due to  i. OHS demonstrates a commitment to employee wellbeing and creates a safer work environment.  ii. It enhances the productivity and efficiency.	At our Occupational Health Centre, we prioritize the well-being of individuals. When it comes to fire safety, we've implemented a robust system comprising fire hydrants and automatic sprinklers. To ensure prompt fire detection, we've installed reliable fire alarms and smoke detection systems. Our commitment extends to providing comprehensive personal protective equipment (PPE) kits for enhanced protection. Regular medical tests are conducted for our dedicated staff and employees in accordance with factory norms. Additionally, we perform thorough internal audits and monthly theme audits, along with daily patrolling, to maintain a safe environment. As part of our preparedness, we conduct regular mock drills aligned with factory protocols. Hazard identification and risk assessment are integral components of our safety practices. We have a fully equipped ambulance ready for emergencies.	Positive
7	Employee Training and Development	0	The Company sees employee training and development as an opportunity which:  • helps in the adaption of changing technologies and trends  • helps in identifying and grooming of potential leaders  • helps in employee retention.  • helps the employees in acquiring new skills, knowledge and competencies relevant to their roles and responsibility	The Company ensures comprehensive employee training and development, covering various aspects. This includes skill matrix preparation, identification of training needs, creating training calendars, executing programs, and evaluating their effectiveness. In the year 2022-23, the Company conducted training sessions on 28 different topics. We prioritize training on Code of Conduct, both during induction and subsequent gatherings. Additionally, we provide training on 5s and IATF practices. Our commitment extends to offering training in POSH (Prevention of Sexual Harassment) guidelines. Environment management is a crucial area where we implement an impactful employee training program. Moreover, our department leaders benefit from external training sessions conducted by experts in Anti Bribery & Corruption measures.	Positive

S. No.	Material identified issue	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
8	Resource optimization and Value creation	0	The Company actively involved in strategically managing and maximizing the utilization of resources to enhance productivity, reduce costs, and improve overall performance. By effectively harnessing available resources, businesses can generate value for stakeholders and position themselves for sustainable growth and competitive advantage. This opportunity arises due to the collaboration between optimizing resource allocation and driving value across various aspects of the organization.	Enhancing the efficiency and capacity of operational energy stands as an important component within the Company's overall strategy. In our strong and steady commitment to this cause, our proficient engineering team constantly endeavors to execute projects aiming to support energy efficiency. Across the entire organization, these initiatives are pushed by enthusiastic energy champions present at each site, leading energy teams to facilitate the seamless implementation of energy conservation projects.	Positive
9	Quality Education	0	Quality education within a community is a great opportunity for the Company. By supporting and investing in education initiatives, companies can contribute to the development of a skilled workforce. This, in turn, can benefit businesses through access to a pool of talented individuals who possess the necessary knowledge and skills for employment.  Providing education can create a positive brand image which can have a positive impact on businesses operating within that community.	The Company initiated multiple programs for quality education in reporting year 2022-23  New Class rooms: The Company has constructed five new class rooms in the Government Higher Secondary School. More than 200 children will get the benefit of these rooms every year.  Values of Life (Skill): Keeping in view the alienation of children towards the vanishing Indian culture and values of life, your Company has done the work of teaching 1800 children of 18 Government Higher Secondary Schools on the values of life skills. Many teachers also participated in this teaching work. A good change was seen after the examination of three phases, due to which both children and teachers started becoming aware of the values.  Scholarship: The company distributed an amount of Rs. 19 lakhs to poor children of class 10th and 12th of rural areas and 72 promising and talented children who scored more than 75 percent marks. Children's education support increases with this amount and they get strength to fulfill their dreams.  Anganwadi Centres: This year 20 Anganwadi centers of Chomu and Govindgarh were painted and also provided the chair, shoe racks, hard carpets, toys, wings to them. Apart from this, we have also provided the uniforms	

S. No.	Material identified issue	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
10	Health Care, Family Planning & Immunization	0	By actively engaging in promoting and supporting these initiatives, the Company will have following advantages by investing in comprehensive health care services and family planning programs that enables companies to foster a healthier and more productive workforce. This, in turn, contributes to higher employee satisfaction, reduced absenteeism, and increased overall efficiency. Supporting immunization efforts not only demonstrates corporate social responsibility but also helps prevent the spread of diseases, safeguarding both employees and the community at large. Businesses can create a positive impact such as enhanced brand reputation, increased customer loyalty, and improved employee morale.	Continuing the program of vaccination which was going on in Fagi block for the last 20 years, this year also your company accomplished the target of immunization vaccination of 1700 babies and successfully completed the program of sterilization of 16 women of Dhodhsar village.	Positive
11	Development of Sustainable Products	0	Sustainable products can help companies to meet the growing demand for eco-friendly products, differentiate themselves from competitors, save money, improve their public image, and comply with regulations. A survey was conducted by the Company from which we came to know that approximately 73% of consumers are willing to pay more for sustainable products.  It also reduces the GHG Emissions of the company	The Company offers a range of environmentally conscious products by introducing PVC and PUR materials crafted from recycled fabrics and biobased raw materials. Our dedicated research and development department works in close collaboration with customer to expand the reach of these sustainable alternatives. We have conducted comprehensive Life Cycle Assessments (LCA) for two of our products, while the LCA for the third product is presently in progress. Additionally, we are actively striving to acquire Environmental Product Declarations (EPDs) for all these offerings, ensuring utmost transparency regarding their environmental impact.  Throughout the reporting year, we have successfully devised four innovative products utilizing sustainable materials.	Positive

7. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

Yes, we are doing projects for reducing Green House Emissions:

- At our plant site, we are currently implementing the installation of solar panels and we have successfully set up a solar panel
  with a capacity of 118 Kwp at our Dhodsar plant. Also we are working towards installing a rooftop solar system at the
  Dhodsar main plant, estimated to have a capacity of 445 Kwp, as well as a Flame Lamination plant with an estimated capacity
  of 40 Kwp.
- 2. We have extraordinary accomplishment of planting a total of 6500 trees across four distinct locations nearby our plants Badawali, Bhomiya Ji Park, Singod Kalan, and Jaitpura School Ground. These sites, conveniently positioned within a radius of 1 km and 3 km near our Dhodsar factory, evoke a sense of joy and fulfillment. During this reporting period, a total of 6000 plants were established, and we have successfully planted 17000 trees on 28 hectares of land so far.
- 3. Through the utilization of recycled yarn and sustainable fillers, we are actively engaged in the manufacturing of environmentally sustainable products. Conducting a comprehensive Life Cycle Assessment (LCA) allows us to gain insights into the greenhouse gas (GHG) emissions associated with our product. Simultaneously, we are diligently working on developing Environmental Product Declarations (EPDs) to provide detailed information about the environmental impact of our product.

30th ANNUAL REPORT 2022-23

## INDEPENDENT AUDITOR'S REPORT

# To the Members of Mayur Uniquoters Limited Report on the Audit of the Standalone Financial Statements

#### **Opinion**

- 1. We have audited the accompanying standalone financial statements of **Mayur Uniquoters Limited** ('the Company'), which comprise the Standalone Balance Sheet as at 31 March 2023, the Standalone Statement of Profit and Loss (including other comprehensive income), the Standalone Statement of Cash Flows and the Standalone Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information.
- 2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India,of the state of affairs of the Company as at 31 March 2023, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

## **Basis for Opinion**

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

- 4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
- 5. We have determined the matters described below to be the key audit matters to be communicated in our report.

## Key audit matter

## Recoverability of carrying value of assets of the cash generating unit ('CGU') Gwalior Plant

Refer to the Company's significant accounting policies in note 1 (h) and the property, plant and equipment related disclosures in note 3(a) and 46 of the standalone financial statements.

The Company has considered its property, plant and equipment, inventory, trade receivables and other attributable assets and liabilities of the Gwalior Plant as a single CGU. As at 31 March 2023, carrying value of CGU is Rs. 13,237.80 lakhs.

During the current and previous years, the CGU has incurred operating losses and the economic performance of this CGU has been significantly lower than the budgets. Since, the recoverability of the CGU is largely dependent upon the operational performance of the aforesaid CGU, there is a potential risk of impairment charge in accordance with Ind AS 36, Impairment of assets

## How our audit addressed the key audit matter

Our audit procedures included, but were not limited to the following:

- Obtained an understanding of the management's process for identification of impairment indicators and process undertaken by the management for impairment assessment. Assessed whether the methodology used by the management to estimate the recoverable value of the CGU is in accordance with Ind AS 36;
- Evaluated the design, implementation and tested the operating effectiveness of key controls placed around the impairment assessment process of the recoverability of the CGU. These included controls around estimation of future cash flows forecasts, the process by which such information was produced;
- Obtained the management experts' report on recoverable value and assessed the professional competence and objectivity of such external valuation expert engaged by the management for performing the required valuation to estimate the recoverable value of the CGU;

#### 30th ANNUAL REPORT 2022-23

#### **Key audit matter**

('Ind AS 36') not being recognised by the management because of anticipated business performance of the CGU.

Due to presence of such impairment indicators, the Company has assessed the recoverability of the CGU as at 31 March 2023 with the help of an external valuation expert using the discounted cashflow method to arrive at the value in use (being the recoverable amount) as per Ind AS 36.

Such valuation model requires management to make significant estimates and assumptions related to forecast of business plans including capacity utilization, future cash flow projections including growth rates and selection of the discount rates to determine the recoverable value, to be considered for impairment testing as per Ind AS 36.

Considering the materiality of the amounts involved, significant degree of judgement and subjectivity involved in the estimates and key assumptions used in determining the cash flows used in the impairment evaluation which are inherently subjective, we have determined recoverability of Gwalior Plant as a key audit matter as this involved significant auditor attention in the current year.

#### 2. Revenue recognition

Refer note 1 (d) to the accompanying standalone financial statements for significant accounting policy on revenue recognition and note 25 for the details of revenue recognised during the year.

The Company derives its revenue from sale of products (PU/PVC synthetic leather).

The Company recognizes revenue from sale of goods upon the transfer of control of the goods sold to the customer in accordance with Ind AS 115, Revenue from Contracts with Customers ('Ind AS 115'). The Company uses a variety of shipment terms across its operating markets, and this has an impact on the timing of revenue recognition. Further, the revenue is recorded based on the prices specified in the respective contracts, net of estimated volume discounts and returns at the time of sale. Such estimates are derived based on historical experience of the Company.

Owing to the significance of amount, volume of transactions, size of distribution network, customers with varied terms of shipment, fraud risk in our audit strategy, we have considered revenue recognition as a key audit matter.

### How our audit addressed the key audit matter

- Obtained the business plans of the Company for the identified CGU and corroborated such understanding with the cash flow projections used in the valuation. Further, reconciled cash flow projections used in discounted cashflow method to the business plans approved by the management of the Company;
- Assessed the reasonableness of the assumptions used for the cash flow projections including the capacity utilization, expected growth rates, discount rate etc. and considered evidence available to support these assumptions in light of our understanding of the business and performed sensitivity analyses for such key assumptions.
- With the support of our auditor's experts, we evaluated the appropriateness of valuation methodology and reasonableness of assumptions used by the management's expert;
- Compared the carrying value of net assets with the recoverable value to check for any impairment/provision required to be recognised; and
- Evaluated the appropriateness and adequacy of the disclosures made by the management in the standalone financial statements in accordance with applicable accounting standards.

Our audit procedures included the following:

- Understood the process of revenue recognition and evaluated the appropriateness of the accounting policy adopted by the management on revenue recognition including determination of transaction price and satisfaction of performance obligations, in accordance with Ind AS 115:
- Evaluated the design and tested operating effectiveness of key controls around revenue recognition for a sample of transactions;
- Performed substantive testing, on a sample basis, on revenue transactions recorded during the year, and transactions recorded before and after year end by inspecting supporting documents such as customer contracts, purchase orders, proofs of dispatch and delivery, invoices, etc., including review of contracts with customers to assess the appropriateness of Company's identification of performance obligations, determination of transaction price and the management's estimate involved for volume discounts and returns to ensure the accuracy and completeness of revenue recorded;
- Performed substantive analytical procedures for the revenue recorded considering both qualitative and quantitative factors to identify any unusual trends or any unusual items; and
- Evaluated the adequacy of disclosures made in the accompanying standalone financial statements in respect of revenue recognition in accordance with financial reporting framework.

### 30th ANNUAL REPORT 2022-23

#### Information other than the Financial Statements and Auditor's Report thereon

6. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

### Responsibilities of Management and those Charged with Governance for the Standalone Financial Statements

- 7. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
- 8. In preparing the standalone financial statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
- 9. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Standalone Financial Statements

- 10. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
- 11. As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
  - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
    error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient
    and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting
    from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,
    misrepresentations, or the override of internal control;
  - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;

#### 30th ANNUAL REPORT 2022-23

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation;
- 12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- 13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- 14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Other matter

15. The standalone financial statements of the Company for the year ended 31 March 2022 were audited by the predecessor auditor, Price Waterhouse Chartered Accountants LLP, who have expressed an unmodified opinion on those standalone financial statements vide their audit report dated 30 May 2022.

## Report on Other Legal and Regulatory Requirements

- 16. As required by section 197(16) of the Act based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.
- 17. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 18. Further to our comments in Annexure A, as required by section 143(3) of the Act based on our audit,we report, to the extent applicable, that:
  - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - c) The standalone financial statements dealt with by this report are in agreement with the books of account;
  - d) In our opinion, the aforesaid standalone financial statements comply with Ind AS specified under section 133 of the Act;
  - e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of section 164(2) of the Act;

#### 30th ANNUAL REPORT 2022-23

- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company as on 31 March 2023 and the operating effectiveness of such controls, refer to our separate report in Annexure B wherein we have expressed an unmodified opinion; and
- g) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:

#### 30th ANNUAL REPORT 2022-23

## **Annexure A to Independent Auditor's Report**

Annexure A referred to in Paragraph 17 of the Independent Auditor's Report of even date to the members of Mayur Uniquoters Limited on the standalone financial statements for the year ended 31 March 2023

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and right of use assets.
  - (B) The Company has maintained proper records showing full particulars of intangible assets.
  - (b) The Company has a regular programme of physical verification of its property, plant and equipment and right of use assets under which the assets are physically verified in a phased manner over a period of three years, which in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this programme, certain property, plant and equipment were verified during the year and no material discrepancies were noticed on such verification.
  - (c) The title deeds of all the immovable properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in note 3 (a) to the standalone financial statements are held in the name of the Company. For title deeds of immovable properties in the nature of land situated at Dhodsar and Gwalior with gross carrying values of Rs 845.97 lakhs and Rs 966.86 lakhs as at 31 March 2023, which have been mortgaged as security for loans or borrowings taken by the Company, confirmations with respect to title of the Company have been directly obtained by us from the respective lenders.
  - (d) The Company has not revalued its property, plant and equipment including right of use assets or intangible assets during the year.
  - (e) No proceedings have been initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended) and rules made thereunder.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year, except for inventory lying with third parties. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed as compared to book records. In respect of inventory lying with third parties, these have substantially been confirmed by the third parties.
  - (b) As disclosed in note 16 to the standalone financial statements, the Company has been sanctioned a working capital limit in excess of Rs 500.00 lakhs by banks based on the security of current assets. The quarterly returns, in respect of the working capital limits have been filed by the Company with such banks and such returns are in agreement with the books of account of the Company for the respective periods, which were subject to audit/review.
- (iii) (a) The Company has not provided any loans or provided any advances in the nature of loans, or guarantee, or security to any other entity during the year. Accordingly, reporting under clauses 3(iii)(a) of the Companies (Auditor's Report) Order, 2020 (hereinafter referred to as 'the Order') is not applicable to the Company.
  - (b) The Company has not provided any guarantee or given any security or granted any loans or advances in the nature of loans during the year. However, the Company has made investment in one entity amounting to Rs. 500.00 lakhs (year-end balance Rs. 500.00 lakhs) and in our opinion, and according to the information and explanations given to us, such investments made are, prima facie, not prejudicial to the interest of the Company.
  - (c) The Company does not have any outstanding loans and advances in the nature of loans at the beginning of the current year nor has granted any loans or advances in the nature of loans during the year. Accordingly, reporting under clauses 3(iii)(c), 3(iii)(d), 3(iii)(e) and 3(iii)(f) of the Order is not applicable to the Company.
- (iv) In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of section 186 of the Act in respect of investments made, as applicable. Further, the Company has not

### 30th ANNUAL REPORT 2022-23

- entered into any transaction covered under section 185 and section 186 of the Act in respect of loans granted, guarantees and security provided by it.
- (v) In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits or there are no amounts which have been deemed to be deposits within the meaning of sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.
- (vi) The Central Government has specified maintenance of cost records under sub-section (1) of section 148 of the Act in respect of the products of the Company. We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) In our opinion, and according to the information and explanations given to us, undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, have generally been regularly deposited with the appropriate authorities by the Company, though there have been slight delays in a few cases. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.
  - (b) According to the information and explanations given to us, there are no statutory dues referred in sub-clause (a) which have not been deposited with the appropriate authorities on account of any dispute except for the following:

## **Annexure B to Independent Auditor's Report**

Annexure B to the Independent Auditor's Report of even date to the members of Mayur Uniquoters Limited on the standalone financial statements for the year ended 31 March 2023

Independent Auditor's Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the standalone financial statements of **Mayur Uniquoters Limited** ('the Company') as at and for the year ended 31 March 2023, we have audited the internal financial controls with reference to financial statements of the Company as at that date.

### Responsibilities of Management and those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design,implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

- 3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
- 4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
- 5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

#### Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

### 30th ANNUAL REPORT 2022-23

#### Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

30th ANNUAL REPORT 2022-23

## Notes forming part of the Standalone Financial Statements for the year ended 31 March 2023

#### **Background**

Mayur Uniquoters Limited ('the Company') is a Company limited by shares, incorporated and domiciled in India. The Company is primarily engaged in the business of manufacturing of coated textile fabrics, artificial leather and PVC vinyl(PU/PVC synthetic leather"), which are widely used in different segments such as footwear, furnishings, automotive OEM, automotive replacement market, and automotive exports. The equity shares of the Company are presently listed with BSE Limited (BSE) and National Stock Exchange of India Limited (NSE).

### **Note 1: Summary of Significant Accounting Policies**

This note provides a list of the significant accounting policies adopted in the preparation of these standalone financial statements for the year ended 31 March 2023. These policies have been consistently applied to all the years presented, unless otherwise stated.

## a) Basis of Preparation

## (i) Compliance with Ind AS

The standalone financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act. The standalone financial statements are prepared on accrual and going concern basis.

The standalone financial statements for the year ended 31 March 2023 were authorized and approved for issue by the Board of Directors on 19 May 2023.

#### (ii) Historical Cost Convention

The standalone financial statements have been prepared on a historical cost basis, except for certain financial assets and financial liabilities that are measured at fair value or amortized cost, defined benefit obligations.

### b) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of Directors assesses the financial performance and position of the Company and makes strategic decisions and has been identified as chief operating decision maker (CODM). Refer note 39 for reportable segments determined by the Company.

#### c) Foreign Currency Translation

- (i) Functional and Presentation Currency
  Items included in the standalone financial
  statements are measured using the currency of
  the primary economic environment in which the
  Company operates ('the functional currency').
  The standalone financial statements are
  presented in Indian rupee (Rs.), which is
  Company's functional and presentation currency.
- (ii) Transactions and Balances Monetary and non-monetary transactions in foreign currencies are initially recorded in the functional currency of the Company at the exchange rates at the date of the transactions.

Monetary foreign currency assets and liabilities remaining unsettled on reporting date are translated at the rates of exchange prevailing on reporting date. Gains / (losses) arising on account of realization / settlement of foreign exchange transactions and on translation of monetary foreign currency assets and liabilities are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss in the Statement of Profit and Loss.

### d) Revenue Recognition

Under Ind AS 115 - Revenue from contracts with customers, revenue is recognised upon transfer of control of promised goods or services to customers. Revenue is measured at the transaction price agreed with the customers received or receivable, excluding discounts, incentives, performance bonuses, price concessions, amounts collected on behalf of third parties, or other similar items, if any, as specified in the contract with the customer. Revenue is recorded provided the recovery of consideration is probable and determinable.

Sales are recognised when control of the products has transferred, the customer has full discretion over price to sell the product, and there is no unfulfilled obligation that could affect the customer's acceptance of the products.

The Company manufactures and sells a range of artificial leather domestically as well as outside India.

## 30th ANNUAL REPORT 2022-23

Revenue from the sale of products is recognised at a point in time, upon transfer of control of products to the customers and is measured at transaction price received/receivable, net of discounts, and applicable taxes.

The Company does not have any contract where the period between the transfer of promised goods to the customer and payment by the customer exceeds one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

Trade receivables are recognised initially at the transaction price as they do not contain significant financing components. The Company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

Contract asset is recognized as a right to consideration in exchange for goods or services transferred to the customer. Contract liabilities arises on account of the advance payments received from customer for which performance obligation has not yet been completed.

#### e) Government Grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the Statement of Profit and Loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current/ current liabilities and are credited to profit or loss on a straight-line basis over the expected useful lives of the related assets and presented within other income.

#### f) Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences.

Tax expense comprises current and deferred tax. Current and deferred tax is recognised in profit or loss except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Company measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Current/deferred tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

### g) Leases

As a Lessee

Leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company. Contracts may contain both lease and non-lease components. The Company allocates the consideration in the contract to the lease and non-lease components based on their relative standalone prices. However, for leases of real estate for which the Company is a lessee, it has elected not to separate lease and non-lease components and instead accounts for these as a single lease component.

## 30th ANNUAL REPORT 2022-23

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include net present value of the following lease payments:

- Fixed payments (including in substance fixed payments), less any lease incentives receivable
- Variable lease payments that are based on an index or a rate, initially measured using the index or rate as at the commencement date
- Amounts expected to be payable by the Company under residual value guarantees
- The exercise price of a purchase option if the Company is reasonably certain to exercise that option, and
- Payments of penalties for terminating the lease, if the lease term reflects the Company exercising that option.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for lease in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in similar economic environment with similar terms, security and conditions.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- The amount of the initial measurement of lease liability
- Any lease payments made at or before the commencement date less any lease incentives received
- · Any initial direct costs, and
- · Restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life. Payments associated with short-term leases of equipment and all leases of low value assets are recognised on a straight-line basis as an expense in profit or loss. Short term leases are leases with a lease term of twelve months or less.

#### h) Impairment of Non Financial Assets

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. Impairment loss recognised in respect of a CGU is allocated to reduce the carrying amounts of the assets of the CGU (or group of CGUs) on a pro rata basis.

In respect of assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

#### i) Cash and Cash Equivalents

For the purpose of presentation in the cash flow statement, cash and cash equivalents includes cash on hand, deposits held at call with banks/ financial institutions, other short-term, other highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank

### 30th ANNUAL REPORT 2022-23

overdrafts are shown within borrowings in current liabilities in the balance sheet.

#### **Other Bank Balances**

Other bank balances consist of term deposits with banks, which have original maturities of more than three months. Such assets are recognised and measured at amortised cost (including directly attributable transaction cost) using the effective interest method, less impairment losses, if any.

#### i) Inventories

Inventories are measured at the lower of cost and net realisable value.

# Raw materials, stock-in-trade, packing material and stores and spares:

The cost of inventories is calculated on weighted average basis, and includes expenditure incurred in acquiring the inventories and other costs incurred in bringing them to their present location and condition. Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realizable value.

# Work-in-progress and manufactured finished goods:

Cost includes raw material costs and an appropriate share of fixed production overheads based on normal operating capacity. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

The comparison of cost and net realisable value is made on an item-by-item basis.

## k) Investments and Other Financial Assets

### (i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in the Statement of Profit and Loss or other comprehensive income. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income (FVOCI).

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

### (ii) Recognition

Regular way purchases and sales of financial assets are recognised on trade date, on which the Company commits to purchase or sale the financial asset.

## (iii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

### Debt Instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

 Amortised Cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost.

Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other income or other expenses. Impairment losses are presented as separate line item in the Statement of Profit and Loss.

 Fair Value through Other Comprehensive Income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are

## 30th ANNUAL REPORT 2022-23

measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the Statement of Profit and Loss and recognised in other income. Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gain and losses are presented in other income and impairment expenses are presented as separate line item in Statement of Profit and Loss.

- Fair Value through Profit or Loss: Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised and presented net in the Statement of Profit and Loss within other income or other expenses in the period in which it arises. Interest income from these financial assets is included in other income.

# Investments in Mutual Funds, Alternate Investment Funds and Equity Instruments

Investment in mutual funds and equity instruments are classified as fair value through profit or loss as they are not held within a business model whose objective is to hold assets in order to collect contractual cash flows and the contractual terms of such assets do not give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established.

#### **Investment in Bonds**

Investment in bonds are financial assets with fixed or determinable payments that are quoted in an active market. These are classified as financial assets measured at amortised cost as they fulfill the following conditions:

- Such assets are held within a business model whose objective is to hold assets in order to collect contractual cash flows.
- The contractual terms of such assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- The Company recognises these assets on the date when they are originated and are initially measured at fair value plus any directly attributable transaction costs.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other income in the Statement of Profit and Loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

#### (iv) Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 43 details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

### (v) Derecognition of Financial Assets

A financial asset is derecognised only when:

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

## 30th ANNUAL REPORT 2022-23

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

#### (vi) Income Recognition

#### Interest Income

Interest income from financial assets at fair value through the profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVOCI is calculated using effective interest method is recognised in the Statement of Profit and Loss as part of other income. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit impaired.

#### Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

### I) Investment in Subsidiaries

A subsidiary is an entity controlled by the Company. Control exists when the Company has power over the entity, is exposed, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns.

Investments in subsidiaries are carried at cost. The cost comprises price paid to acquire investment and directly attributable cost.

### m) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

### n) Property, Plant and Equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Cost comprises the purchase price, borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

# Depreciation Methods, Estimated Useful Lives and Residual Value

Depreciation is calculated using the straight-line method to allocate the cost of the assets, net of their residual values, over their estimated useful lives as follows:

Particulars	Estimate of
	useful life
Leasehold land	99 years
Buildings	30-60 years
Plant and Equipment	10-15 years
Electrical Installation and Equipment	10 years
Furniture & Fixtures	10 years
Motor Vehicles	8 years
Office Equipment	5 years
Computers	3-6 years

The useful lives have been determined based on technical evaluation done by the management's expert which are similar to those specified by Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets. The residual values are not more than 5% of the original cost of the asset

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

## 30th ANNUAL REPORT 2022-23

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss within other income or other expenses.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date are classified as capital advances under non-current assets.

Capital work-in-progress excluding capital advances includes property, plant and equipment under construction and not ready for intended use as on balance sheet date.

#### o) Intangible Assets

(i) Intangible assets that are acquired by the Company are measured initially at cost. All intangible assets are with finite useful lives and are measured at cost less accumulated amortisation and impairment, if any.

Amortisation and Useful Lives

Intangible assets are amortised over the useful life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method are reviewed at the end of each reporting period.

Intangible assets comprise software having an estimated useful life of 4 years.

### p) Current and Non-Current Classification

All assets and liabilities are classified into current and non-current.

#### **Assets**

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is expected to be realised within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

Current assets include the current portion of noncurrent financial assets. All other assets are classified as non-current.

### Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- it is due to be settled within 12 months after the reporting period; or
- The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

Current liabilities include the current portion of noncurrent financial liabilities. All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

#### **Operating Cycle**

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Based on the nature of operations and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle being a period of 12 months for the purpose of classification of assets and liabilities as current and non-current.

#### q) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

### r) Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

#### 30th ANNUAL REPORT 2022-23

Other borrowing costs are expensed in the period in which they are incurred.

### s) Provisions and Contingent Liabilities

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the standalone financial statements.

### t) Employee Benefits

#### (i) Short-Term Obligations

Liabilities for wages and salaries, including nonmonetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

## (ii) Other Long-Term Employee Benefit Obligations

The liabilities for compensated absences are not expected to be settled wholly within twelve

months after the end of the period in which the employees render the related service. These obligations are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method less fair value of plan assets as at balance sheet date. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit and loss.

The obligations are presented as current liabilities in the balance sheet as the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

#### (iii) Post-Employment Obligations

The Company operates the following postemployment schemes:

- (a) Defined benefit plan (Gratuity)
- (b) Defined contribution plans (Provident Fund).

Defined Benefit Plan (Gratuity)

The Company contributes to the Gratuity Fund managed by the Life Insurance Corporation of India under its New Company Gratuity Cash Accumulation Plan.

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in

#### 30th ANNUAL REPORT 2022-23

which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit and loss as past service cost.

#### **Defined Contribution Plans**

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

### u) Contributed Equity

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

### v) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

#### w) Earnings Per Share

Basic earnings per share are calculated by dividing the profit or loss for the year attributable to equity to the owners of the Company by the weighted average number of equity shares outstanding during the year.

The Company does not have any dilutive potential equity shares.

## x) Rounding of Amounts

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest lakhs upto two decimal places as per the requirement of Schedule III, unless otherwise stated.

# y) New and amended standards issued but not effective

The Ministry of Corporate Affairs has vide notification dated 31 March 2023 notified Companies (Indian

Accounting Standards) Amendment Rules, 2023 (the 'Rules') which amends certain accounting standards, and are effective 1 April 2023. The Rules predominantly amend Ind AS 12, Income taxes, and Ind AS 1, Presentation of financial statements. The other amendments to Ind AS notified by these rules are primarily in the nature of clarifications.

These amendments are not expected to have a material impact on the Company in the current or future reporting periods and on foreseeable future transactions.

### New and amended standards adopted by the Company

The Ministry of Corporate Affairs had vide notification dated 23 March 2022 notified Companies (Indian Accounting Standards) Amendment Rules, 2022 which amended certain accounting standards, and were effective 1 April 2022. These amendments did not have any impact on the amounts recognised in prior periods and did not significantly affect the current periods.

#### **Note 2: Critical Estimates and Judgements**

The preparation of standalone financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies. This note provides overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the standalone financial statements.

The areas involving critical estimates or judgements are:

- · Estimates of defined benefit obligation Note 23
- Estimate of useful life of property, plant and equipment

   Note 3 (a)
- · Impairment of trade receivables Refer Note 43 (A)
- Impairment assessment of non-financial asset Refer Note 46
- Measurement of contingent liabilities Refer Note 35

Estimation and judgements are continuously evaluated. They are based on historical experience and other factors including expectation of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

## (iv) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Increase/	Increase/	Impact on defined benefit obligation		ion	
	Decrease	Decrease				
	Change in assumption Increase in assumption		Change in assumption Increase in assumption D		Decrease in	assumption
	As at 31 March	As at 31 March	As at 31 March	As at 31 March	As at 31 March	As at 31 March

Discount rate	1.00	1.00	-6.30%	-7.20%	7.10%	8.20%
Salary growth rate	1.00	1.00	6.30%	7.40%	-5.70%	-6.80%
Attrition rate	50.00	50.00	-1.40%	-0.30%	2.00%	0.40%
Mortality rate	10.00	10.00	0.00%	0.00%	0.00%	0.00%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

#### 30th ANNUAL REPORT 2022-23

(All amounts Rs. in lakhs, unless otherwise stated)

#### (vi) Risk exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

**Interest rate risk**: The plan exposes the Company to the risk of fall in the interest rates. A fall in the interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements)

**Salary escalation risk:** The present value of the defined benefit plan is calculated with assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

**Demographic risk:** The Company has used certain mortality and attrition assumption in valuation of the liability. The Company is exposed to the risk of the actual experience turning out to be worse.

**Regulatory risk:** Gratuity benefit is paid in accordance with the requirement of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulation requiring higher gratuity payouts.

**Liquidity risk:** This is the risk that the Company is not able to meet the short-term gratuity payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

**Asset liability mismatching or market risk:** The duration of the liability is longer compared to duration of assets, exposing the Company to market risk for volatilities/ fall in interest rate.

**Investment risk**: The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

#### (vii) Defined benefit liability and employer contributions

The Company's best estimate of contribution towards post-employment benefit plans for the year ended 31 March 2024 are Rs. 217.68 lakhs (year ended 31 March 2023 are Rs.160.59 lakhs).

The weighted average duration of the defined benefit obligation is 8 years (31 March 2022: 8 years ). The expected maturity analysis of undiscounted gratuity is as follows:

<sup>\*</sup> The fair values of the investments is measured using quoted prices or NAV declared by mutual funds and are classified as level 1 fair values in the fair value hierarchy.

#### (i) Fair value hierarchy

**Level 1:** Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded debentures and mutual funds that have quoted price. The fair value of all equity instruments (including debentures) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

**Level 2:** The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There are no transfers between levels 1 and 2 during the year.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

# (ii) Fair value of financial assets and liabilities measured at amortised cost

The carrying amounts of trade receivables, trade payables, cash and cash equivalents, other bank balances, other financial assets, other financial liabilities, short term borrowings, lease liabilities are considered to be the same as their fair values, due to their short-term nature.

#### 30th ANNUAL REPORT 2022-23

Majorly the security deposits and fixed deposits are redeemable on demand and bonds are redeemable at par hence the fair values of security deposits and bank deposits are approximately equivalent to the carrying amount.

The Non-current borrowings and lease liabilities are carried at amortised cost. There is no material difference between carrying amount and fair value of non-current borrowings as at 31 March 2023 and 31 March 2022.

#### Other note:

The investment in equity shares of subsidiaries are measured at cost. Refer note 4 for further details.

### 43. Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk.

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

#### (A) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counter party to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. The carrying amounts of financial assets represent the maximum credit risk exposure.

A default on a financial asset is when the counter party fails to make contractual payments as per agreed terms. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

Assets are written off when there is no reasonable expectation of recovery.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting year. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information.

#### Trade and other receivables

Credit risk refers to the risk of default on its obligation by the counter party resulting in financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivable amounting to Rs. 19,451.52 lakhs, Rs. 15,621.95 lakhs as at 31 March 2023 and 31 March 2022, respectively. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate. The Company has a credit risk management policy in place to limit credit losses due to non-performance of financial counter parties and customers. The Company monitors its exposure to credit risk on an ongoing basis at various levels. Outstanding customer receivables are regularly monitored. The Company closely monitors the acceptable financial counter party credit ratings and credit limits and revise where required in line with the market circumstances.

Due to the geographical spread and the diversity of the Company's customers, the Company is not subject to any significant concentration of credit risks at balance sheet date.

On account of adoption of Ind AS 109, the Company uses a simplified approach (lifetime expected credit loss model) for the purpose of computation of expected credit loss for trade receivables.

The Company calculates expected credit loss on its trade receivables using 'allowance matrix' and also takes into account 'delay risk' on trade receivables.

#### 30th ANNUAL REPORT 2022-23

(All amounts Rs. in lakhs, unless otherwise stated)

Significant estimates: The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting year. For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109, "Financial Instruments", which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Management judgment is required for assessing the recoverability of trade receivables and the valuation of the allowances for impairment of trade receivables. The Company makes impairment allowance for trade receivables based on an assessment of the recoverability of trade receivables. Allowances are applied to trade receivables where events or changes in circumstances indicate that the balances may not be collectible. The impairment allowance is estimated by management based on historical experience and current economic environment, The Company assesses the expected credit losses by calibrating historical experience with forward-looking estimates. This may include information regarding the industry in which debtors are operating, historical and post year-end payment records, as well as creditworthiness of debtors.

### Cash & cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits accounts in different banks across the country.

#### Other financial assets measured at amortised cost

Other financial assets measured at amortised cost includes security deposits, investment in subsidiaries and other investments. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously.

#### 30th ANNUAL REPORT 2022-23

(All amounts Rs. in lakhs, unless otherwise stated)

#### (B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding to meet obligations when due. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows.

#### **Maturities of financial liabilities**

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

#### (C) Market risk

## (i) Foreign currency risk

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD, GBP, ZAR, CNY and EUR. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR). The Company maintains EEFC bank account for export sales realisation which is generally used for repayment of import obligations (arising out of purchase of raw materials, services and capital goods), therefore, the risk is not a material risk to the Company.

## 30th ANNUAL REPORT 2022-23

(All amounts Rs. in lakhs, unless otherwise stated)

#### (ii) Interest rate risk

The exposure of the Company's borrowing to interest rate changes at the end of the reporting year are as follows:

Particulars	As at	As at
	31 March 2023	31 March 2022
Variable rate borrowings	2,352.89	2,888.40
Fixed rate borrowings	158.25	158.25

The Company on a regular basis monitors the changes in interest rate in the market to manage the portfolio of variable rate borrowings.

#### Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates.

	Impact on profit after tax			
Particulars	As at	As at		
	31 March 2023	31 March 2022

Interest Rates - Decrease by 1.00 basis points (31 March 2022 - 0.50 bps) *	(17.25)	(8.54)		

<sup>\*</sup> Holding all other variables constant

#### (iii) Price risk

The Company's exposure to price risk arises from investments held by the Company and classified in the Balance Sheet as fair value through Profit and Loss. To manage its price risk arising from investments, the Company diversifies its portfolio.

#### Sensitivity

The table below summarises the impact of increases/decreases of the Company's profit for the year. The analysis is based on the assumption that the fair value of investments had increased by 5% decreased by 5% with all other variables held constant.

Particulars	As at	As at
	31 March 2023	31 March 2022
Increase in fair value of investments by 5%	532.55	490.97
Decrease in fair value of investments by 5%	(532.55)	(490.97)

#### Commodity price risk

Commodity price risk arises due to fluctuation in prices of key raw materials. The Company has a risk management framework aimed at prudently managing the risk arising from the volatility in commodity prices and freight costs. The Company's commodity risk is managed centrally through well-established control processes. Further, selling price of finished goods are adjusted due to fluctuation in market prices of key raw materials and the Company expects that the net impact of such fluctation would not be material.

#### 44. Events occurring after the reporting year

The Board of Directors has recommended final dividend of Rs. 2.00 (i.e. 40%) per Equity Share of Rs.5.00 each aggregating to Rs. 879.05 lakhs, which is subject to the approval of shareholders in the ensuing Annual General Meeting.

#### 30th ANNUAL REPORT 2022-23

(All amounts Rs. in lakhs, unless otherwise stated)

#### 45. Capital management

The Company's objectives when managing capital are to:

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt. No changes were made in the objectives, policies or processes for managing capital during the year ended 31 March 2023 and 31 March 2022.

The Company has complied with the debt covenants as per the terms of borrowing facilities throughout the reporting period.

#### 46. Impairment of non-financial assets

In accordance with Ind AS 36 "Impairment of Assets", the Company has identified Gwalior Plant (the 'Plant') as a separate cash generating unit (CGU) for the purpose of impairment review. Management periodically performs an impairment assessment of the CGUs basis internal and external indicators, in order to determine whether the recoverable value is below the carrying amount as at 31 March 2023.

The Company has considered its property, plant and equipment, inventory, trade receivables and other attributable assets and liabilities of the Gwalior Plant as a single CGU. As at 31 March 2023, carrying value of CGU is Rs. 13,237.80 lakhs.

The Plant has incurred operating losses during the current and previous years and the economic performance of the plant, has been significantly lower than the budgets. Therefore, basis these indicators, the plant has been assessed for recoverability as at 31 March 2023 as to whether, the carrying value exceeds the recoverable value of the plant. Recoverable amount is value in use of CGU computed based upon projected cash flows from operations, over balance lease term, discounted at rate (determined by an independent registered valuer).

The Company has carried out the impairment assessment of the plant for existence of impairment indicators with the help of an external valuation expert using the discounted cashflow method, which requires management to make significant estimates and assumptions related to forecast of future cash flow projections based on business plans including growth rates and selection of the discount rates to determine the recoverable value to be considered for impairment testing of the carrying value of the aforesaid balances.

Based on above, recoverable value calculated as at 31 March 2023 is Rs. 16,426.00 lakhs.

Key assumptions used in determining the recoverable value are:

- (a) Weighted avergae cost of capital (discount rate): 14.50%
- (b) Perpetuity growth rate: 4.50%

If in case, discount rate is increase by 0.50% and perpetuity growth rate is decreased by 0.50%, the recoverable value will still exceed the carrying value of the plant significantly. Hence, no impairment required to be recognized.

#### 47. Capitalisation of expenditure incurred during construction period (refer note 3a)

The costs that are directly attributable to the acquisition or construction of property, plant and equipment have been apportioned to certain property, plant and equipment on reasonable basis. details of such costs capitalised is as under:-

# INDEPENDENT AUDITOR'S REPORT

# To the Members of Mayur Uniquoters Limited

#### Report on the Audit of the Consolidated Financial Statements

#### **Opinion**

- 1. We have audited the accompanying consolidated financial statements of Mayur Uniquoters Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), as listed in Annexure A, which comprise the Consolidated Balance Sheet as at 31 March 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of the significant accounting policies and other explanatory information.
- 2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements / financial information and on the other financial information of the subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India of the consolidated state of affairs of the Group, as at 31 March 2023, and their consolidated profit (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

#### **Basis for Opinion**

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained together with the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 15 of the Other Matters section below, is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

- 4. Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
- 5. We have determined the matters described below to be the key audit matters to be communicated in our report.

### 30th ANNUAL REPORT 2022-23

#### **Key audit matter**

# 1. Recoverability of carrying value of assets of the cash generating unit ('CGU') Gwalior Plant

Refer to the Group's significant accounting policies in note 1 (i) and the property, plant and equipment related disclosures in note 3(a) and 44 of the consolidated financial statements.

The Holding Company has considered its Property, Plant and Equipment, inventory, trade receivables and other attributable assets and liabilities of the Gwalior Plant as a single CGU. As at 31 March 2023, carrying value of CGU is Rs. 13.237.80 Lakhs.

During the current and previous years, the CGU has incurred operating losses and the economic performance of this CGU has been significantly lower than the budgets. Since the recoverability of the CGU is largely dependent upon the operational performance of the aforesaid CGU, there is a potential risk of impairment charge in accordance with Ind AS 36, Impairment of assets ('Ind AS 36') not being recognised by the management because of anticipated business performance of the CGU.

Due to presence of such impairment indicators, the Holding Company has assessed the recoverability of the CGU as at 31 March 2023 with the help of an external valuation expert using the discounted cashflow method to arrive at the value in use (being the recoverable amount) as per Ind AS 36.

Such valuation model requires management to make significant estimates and assumptions related to forecast of business plans including capacity utilization, future cash flow projections including growth rates and selection of the discount rates to determine the recoverable value, to be considered for impairment testing as per Ind AS 36.

Considering the materiality of the amounts involved, significant degree of judgement and subjectivity involved in the estimates and key assumptions used in determining the cash flows used in the impairment evaluation which are inherently subjective, we have determined recoverability of Gwalior plant as a key audit matter as this involved significant auditor attention in the current year.

#### How our audit addressed the key audit matter

Our audit procedures included, but were not limited to the following:

- Obtained an understanding of the management's process for identification of impairment indicators and process undertaken by the management for impairment assessment. Assessed whether the methodology used by the management to estimate the recoverable value of the CGU is in accordance with Ind AS 36.
- Evaluated the design, implementation and tested the operating effectiveness of key controls placed around the impairment assessment process of the recoverability of the CGU. These included controls around estimation of future cash flows forecasts, the process by which such information was produced
- Obtained the management experts' report on recoverable value and assessed the professional competence and objectivity of the such external valuation expert engaged by the management for performing the required valuation to estimate the recoverable value of the CGU;
- Obtained the business plans of the Holding Company for the identified CGU and corroborated such understanding with the cash flow projections used in the valuation. Further, reconciled cash flow projections used in discounted cashflow method to the business plans approved by the management of the Holding Company;
- Assessed the reasonableness of the assumptions used for the cash flow projections including the capacity utilization, expected growth rates, discount rate etc. and considered evidence available to support these assumptions in light of our understanding of the business and performed sensitivity analyses for such key assumptions.
- With the support of our auditor's experts, we evaluated the appropriateness of valuation methodology and reasonableness of assumptions used by the management's expert;
- Compared the carrying value of net assets with the recoverable value to check for any impairment/provision required to be recognised; and
- Evaluated the appropriateness and adequacy of the disclosures made by the management in the consolidated financial statements in accordance with applicable accounting standards.

### 30th ANNUAL REPORT 2022-23

#### **Key audit matter**

#### 2. Revenue recognition

Refer note 1 (e) to the accompanying consolidated financial statements for significant accounting policy on revenue recognition and note 25 for the details of revenue recognised during the year.

The Holding Company derives its revenue from sale of products (PU/PVC synthetic leather).

The Holding Companyrecognises revenue from sale of goods upon the transfer of control of the goods sold to the customer in accordance with Ind AS 115, Revenue from Contracts with Customers ('Ind AS 115'). The Holding Company uses a variety of shipment terms across its operating markets, and this has an impact on the timing of revenue recognition. Further, the revenue is recorded based on the prices specified in the respective contracts, net of estimated volume discounts and returns at the time of sale. Such estimates are derived based on historical experience of the Holding Company.

Owing to the significance of amount, volume of transactions, size of distribution network, customers with varied terms of shipment, fraud risk in our audit strategy, we have considered revenue recognition as a key audit matter.

#### How our audit addressed the key audit matter

Our audit procedures included the following:

- Understood the process of revenue recognition and evaluated the appropriateness of the accounting policy adopted by the management on revenue recognition including determination of transaction price and satisfaction of performance obligations, in accordance with Ind AS 115;
- Evaluated the design and tested operating effectiveness of key controls around revenue recognition for a sample of transactions.
- Performed substantive testing, on a sample basis, on revenue transactions recorded during the year, and transactions recorded before and after year end by inspecting supporting documents such as customer contracts, purchase orders, proofs of dispatch and delivery, invoices, etc., including review of contracts with customers to assess the appropriateness of Group's identification of performance obligations, determination of transaction price and the management's estimate involved for volume discounts and returns to ensure the accuracy and completeness of revenue recorded;
- Performed substantive analytical procedures for the revenue recorded considering both qualitative and quantitative factors to identify any unusual trends or any unusual items, and
- Evaluated the adequacy of disclosures made in the accompanying consolidated financial statements in respect of revenue recognition in accordance with financial reporting framework.

#### Information other than the Consolidated Financial Statements and Auditor's Report thereon

6. The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

#### Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

7. The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive

income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India. The Holding Company's Board of Directors are also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of consolidated Ind AS financial statements. Further, in terms of the provisions of the Act, the respective Board of Directors of the companies included in the Group, covered under the Act are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.

- 8. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
- 9. Those respective Board of Directors are also responsible for overseeing the financial reporting process of the companies included in the Group.

#### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

- 10. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
- 11. As part of an audit in accordance with Standards on Auditing specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
  - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due
    to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
    is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement
    resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional
    omissions, misrepresentations, or the override of internal control;
  - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
  - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
  - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern;
  - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and

### 30th ANNUAL REPORT 2022-23

- Obtain sufficient appropriate audit evidence regarding the financial information/ financial statements of the entities or business activities within the Group, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the financial statements, of which we are the independent auditors. For the other entities included in the financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
- 12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- 13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- 14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Other Matters**

- 15. We did not audit the financial statements / financial information of four subsidiaries, whose financial statements / financial information reflects total assets of Rs. 13,402.62 lakhs and net assets of Rs. 3,615.64 lakhs as at 31 March 2023, total revenues of Rs. 16,229.78 lakhs and net cash inflows amounting to Rs. 583.41 lakhs for the year ended on that date, as considered in the consolidated financial statements. This financial information has been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of section 143 of the Act in so far as it relates to the aforesaid subsidiaries, are based solely on the reports of the other auditors.
  - Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.
- 16. The consolidated financial statements of the Group for the year ended 31 March 2022 were audited by the predecessor auditor, Price Waterhouse Chartered Accountants LLP, who have expressed an unmodified opinion on those consolidated financial statements vide their audit report dated 30 May 2022.

#### **Report on Other Legal and Regulatory Requirements**

- 17. As required by section 197(16) of the Act based on our audit and on the consideration of the reports of the other auditors, referred to in paragraph 15, on separate financial statements of the subsidiaries, we report that the Holding Company, incorporated in India whose financial statements have been audited under the Act have paid remuneration to their respective directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act. Further, we report that one subsidiary company, incorporated in India whose financial statements have been audited under the Act have not paid or provided for any managerial remuneration during the year. Accordingly, reporting under section 197(16) of the Act is not applicable in respect of such subsidiary company.
- 18. As required by clause (xxi) of paragraph 3 of Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act based on the consideration of the Order reports issued till date by us and by the respective other auditors as mentioned in paragraph 15 above, of companies included in the consolidated financial statements for the year ended 31 March 2023 and covered under the Act we report that following are the qualifications remarks reported by us in the Order reports of the companies included in the consolidated financial statements for the year ended 31 March 2023 for which such Order reports have been issued till date and made available to us:

30th ANNUAL REPORT 2022-23

# **Annexure B to Independent Auditor's Report**

Independent Auditor's Report on the internal financial controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the consolidated financial statements of Mayur Uniquoters Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), as at and for the year ended 31 March 2023, we have audited the internal financial controls with reference to financial statements of the Holding Company and its subsidiary company, which are companies covered under the Act, as at that date.

#### Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The respective Board of Directors of the Holding Company and, its subsidiary company, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

- 3. Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company, and its subsidiary company, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
- 4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
- 5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Holding Company, and its subsidiary company as aforesaid.

#### Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of

### 30th ANNUAL REPORT 2022-23

the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

8. In our opinion and based on the consideration of the reports of the other auditors on internal financial controls with reference to financial statements of the subsidiary company, the Holding Company, and its subsidiary company, which are companies covered under the Act, have in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to financial statements criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

#### **Other Matter**

9. We did not audit the internal financial controls with reference to financial statements in so far as it relates to one subsidiary company, which is company covered under the Act, whose financial statements reflect total assets of Rs. 796.37 lakhs and net assets of Rs. 471.78 lakhs as at 31 March 2023, total revenues of Rs. 217.10 lakhs and net cash inflows amounting to Rs. 28.75 lakhs for the year ended on that date, as considered in the consolidated financial statements. The internal financial controls with reference to financial statements in so far as it relates to such subsidiary company have been audited by other auditors whose reports have been furnished to us by the management and our report on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements for the Holding Company and its subsidiary company, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such subsidiary company is based solely on the reports of the auditors of such company. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the reports of the other auditors.

30th ANNUAL REPORT 2022-23

# Notes to the Consolidated Financial Statements

#### **Background**

Mayur Uniquoters Limited ('the Holding Company or 'Company') is a Company limited by shares, incorporated, and domiciled in India. The Holding Company (collectively referred to as 'the Group') is primarily engaged in the business of manufacturing of coated textile fabrics, artificial leather and PVC vinyl (PU/PVC synthetic leather"), which are widely used in different segments such as footwear, furnishings, automotive OEM, automotive replacement market, and automotive exports and all subsidiary companies of the Group are involved in the business of trading products purchased from Holding Company. The equity shares of the Holding Company are presently listed with BSE Limited (BSE) and National Stock Exchange of India Limited (NSE) in India.

#### **Note 1: Summary of Significant Accounting Policies**

This note provides a list of the significant accounting policies adopted in the preparation of these consolidated financial statements for the year ended 31 March 2023. These policies have been consistently applied to all the years presented, unless otherwise stated. The consolidated financial statements are for the group consisting of Mayur Uniquoters Limited ('the Company') and its subsidiaries.

#### a) Basis of Preparation

### (i) Compliance with Ind AS

The consolidated financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.The consolidated financial statements are prepared on accrual and going concern basis.

The consolidated financial statements for the year ended 31 March 2023 were authorized and approved for issue by the Board of Directors on 19 May 2023.

## (ii) Historical cost convention

The consolidated financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets that are measured at fair value; and
- defined benefit plans plan assets measured at fair value.

#### b) Principles of consolidation

Subsidiaries are all entities over which the Holding Company has control. The Holding Company owned 100% of equity capital of all subsidiaries companies. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group which is basically exercised through voting and economic rights and powers over the investees. They are de-consolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group.

The Group combines the financial statements of the Holding Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been aligned where necessary to ensure consistency with the policies adopted by the Group.

The subsidiaries considered in the consolidated financial statements are:

#### c) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

## 30th ANNUAL REPORT 2022-23

The Board of Directors assesses the financial performance and position of the Group, and makes strategic decisions and has been identified as chief operating decision maker (CODM). Refer note 37 for reportable segments determined by the Group.

#### d) Foreign Currency Translation

#### (i) Functional and Presentation Currency

Items included in the consolidated financial statements are measured using the currency of the primary economic environment in which the entities of the Group operates ('the functional currency'). The consolidated financial statements are presented in Indian rupee (Rs.), which is Group's functional and presentation currency.

#### (ii) Transactions and balances

Monetary and non-monetary transactions in foreign currencies are initially recorded in the functional currency at the exchange rates at the date of the transactions.

Monetary foreign currency assets and liabilities remaining unsettled on reporting date are translated at the rates of exchange prevailing on reporting date. Gains / (losses) arising on account of realization / settlement of foreign exchange transactions and on translation of monetary foreign currency assets and liabilities are recognised in the consolidated statement of profit and loss.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss in the consolidated statement of profit and loss.

### (iii) Foreign subsidiaries

The results and financial position of foreign subsidiaries having a functional currency different from the presentation currency are translated into the presentation currency as follows:

- Assets and liabilities are translated at the closing rate at the date of that balance sheet.
- Income and expenses are translated at monthly average exchange rates, and
- All resulting exchange differences are recognised in other comprehensive income.

When a foreign operation is sold, the associated exchange differences are reclassified to the statement of profit and loss, as part of the gain or loss on sale

#### e) Revenue Recognition

Under Ind AS 115 - Revenue from Contracts with Customers, revenue is recognised upon transfer of control of promised goods or services to customers. Revenue is measured at the transaction price agreed with the customers received or receivable, excluding discounts, incentives, performance bonuses, price concessions, amounts collected on behalf of third parties, or other similar items, if any, as specified in the contract with the customer. Revenue is recorded provided the recovery of consideration is probable and determinable.

Sales are recognised when control of the products has transferred, the customer has full discretion over price to sell the product, and there is no unfulfilled obligation that could affect the customer's acceptance of the products.

The Group manufactures and sells a range of artificial leather domestically as well as outside India.

Revenue from the sale of products is recognised at a point in time, upon transfer of control of products to the customers and is measured at transaction price received/receivable, net of discounts, and applicable taxes.

The Group does not have any contract where the period between the transfer of promised goods to the customer and payment by the customer exceeds one year. As a consequence, the Group does not adjust any of the transaction prices for the time value of money.

Trade receivables are recognised initially at the transaction price as they do not contain significant financing components. The Group holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

Contract asset is recognized as a right to consideration in exchange for goods or services transferred to the customer. Contract liabilities arises on account of the advance payments received from customer for which performance obligation has not yet been completed.

### f) Government Grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the statement of profit and loss

### 30th ANNUAL REPORT 2022-23

over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current/ current liabilities and are credited to profit or loss on a straight-line basis over the expected useful lives of the related assets and presented within other income.

#### g) Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences.

Tax expense comprises current and deferred tax. Current and deferred tax is recognised in profit or loss except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Group measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Current/Deferred tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

#### h) Leases

As a Lessee

Leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Group. Contracts may contain both lease and non-lease components. The Group allocates the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices. However, for leases of real estate for which the Group is a lessee, it has elected not to separate lease and non-lease components and instead accounts for these as a single lease component.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include net present value of the following lease payments:

- Fixed payments (including in substance fixed payments), less any lease incentives receivable
- Variable lease payments that are based on an index or a rate, initially measured using the index or rate as at the commencement date
- Amounts expected to be payable by the Group under residual value guarantees
- The exercise price of a purchase option if the Group is reasonably certain to exercise that option, and
- Payments of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for lease in the Group, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in similar economic environment with similar terms, security and conditions.

### 30th ANNUAL REPORT 2022-23

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- The amount of the initial measurement of lease liability
- Any lease payments made at or before the commencement date less any lease incentives received
- · Any initial direct costs, and
- Restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Group is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

Payments associated with short-term leases of equipment and all leases of low value assets are recognised on a straight-line basis as an expense in profit or loss. Short term leases are leases with a lease term of twelve months or less.

#### i) Impairment of Non Financial Assets

The Group's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. Impairment loss recognised in respect of a CGU is

allocated to reduce the carrying amounts of the assets of the CGU (or group of CGUs) on a pro rata basis.

In respect of assets for which impairment loss has been recognised in prior periods, the Group reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

### j) Cash and Cash Equivalents

For the purpose of presentation in the cash flow statement, cash and cash equivalents includes cash on hand, deposits held at call with banks/ financial institutions, other short-term, other highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

#### **Other Bank Balances**

Other bank balances consist of term deposits with banks, which have original maturities of more than three months. Such assets are recognised and measured at amortised cost (including directly attributable transaction cost) using the effective interest method, less impairment losses, if any.

#### k) Inventories

Inventories are measured at the lower of cost and net realisable value.

# Raw materials, stock-in-trade, packing material and stores and spares:

The cost of inventories is calculated on weighted average basis, and includes expenditure incurred in acquiring the inventories and other costs incurred in bringing them to their present location and condition. Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realizable value.

# Work-in-progress and manufactured finished goods:

Cost includes raw material costs and an appropriate share of fixed production overheads based on normal

## 30th ANNUAL REPORT 2022-23

operating capacity. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

The comparison of cost and net realisable value is made on an item-by-item basis.

#### I) Investments and Other Financial Assets

(i) Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in the statement of profit and loss or other comprehensive income. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income (FVOCI).

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

#### (ii) Recognition

Regular way purchases and sales of financial assets are recognised on trade date, on which the Group commits to purchase or sale the financial asset.

#### (iii) Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

#### **Debt Instruments**

Subsequent measurement of debt instruments depends on the Group's business model for

managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

- Amortised Cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost.
  - Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other income or other expenses. Impairment losses are presented as separate line item in the statement of profit and loss.
- Fair Value Through Other Comprehensive Income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the statement of profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the statement of profit and loss and recognised in other income. Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gain and losses are presented in other income and impairment expenses are presented as separate line item in statement of profit and loss.
- Fair Value Through Profit or Loss: Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised and presented net in the statement of profit and loss within other income or other expenses in the period in which it arises. Interest income from these financial assets is included in other income.

## 30th ANNUAL REPORT 2022-23

Investments in Mutual Funds, Alternate investment funds and Equity Instruments

Investment in mutual funds and equity instruments are classified as fair value through profit or loss as they are not held within a business model whose objective is to hold assets in order to collect contractual cash flows and the contractual terms of such assets do not give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the statement of profit and loss. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. Dividends from such investments are recognised in profit or loss as other income when the Group's right to receive payments is established.

#### Investment in Bonds

Investment in bonds are financial assets with fixed or determinable payments that are quoted in an active market. These are classified as financial assets measured at amortised cost as they fulfill the following conditions:

- Such assets are held within a business model whose objective is to hold assets in order to collect contractual cash flows.
- The contractual terms of such assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- The Group recognises these assets on the date when they are originated and are initially measured at fair value plus any directly attributable transaction costs.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other income in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

## (iv) Impairment of Financial Assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 41 details

how the Group determines whether there has been a significant increase in credit risk.

For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109 *Financial Instruments*, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

#### (v) Derecognition of Financial Assets

A financial asset is derecognised only when:

- the Group has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Group has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Group has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Group has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

# (vi) Income Recognition

#### Interest Income

Interest income from financial assets at fair value through the profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVOCI is calculated using effective interest method is recognised in the statement of profit and loss as part of other income. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit impaired.

#### m) Investment in Subsidiaries

A subsidiary is an entity controlled by the Group. Control exists when the Group has power over the

## 30th ANNUAL REPORT 2022-23

entity, is exposed, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns.

Investments in subsidiaries are carried at cost. The cost comprises price paid to acquire investment and directly attributable cost.

### n) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

#### o) Property, Plant and Equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Cost comprises the purchase price, borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of profit and loss during the reporting period in which they are incurred.

# Depreciation Methods, Estimated Useful Lives and Residual Value

Depreciation is calculated using the straight-line method to allocate the cost of the assets, net of their residual values, over their estimated useful lives as follows:

Particulars	Estimate of
	Useful life
Leasehold land	99 years
Buildings	30-60 years
Plant and Equipment	10-15 years
Electrical Installation & Equipment	10 years
Furniture & Fixtures	10 years
Motor Vehicles	8 years
Office Equipment	5 years
Computers	3-6 years

The useful lives have been determined based on technical evaluation done by the management's expert which are similar to those specified by Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets. The residual values are not more than 5% of the original cost of the asset.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of profit and loss within other income or other expenses.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date are classified as capital advances under non-current assets.

Capital work-in-progress excluding capital advances includes property, plant and equipment under construction and not ready for intended use as on Balance Sheet date.

### p) Intangible Assets

Intangible assets that are acquired by the Group are measured initially at cost. All intangible assets are with finite useful lives and are measured at cost less accumulated amortisation and impairment, if any.

### Amortisation and Useful Lives

Intangible assets are amortised over the useful life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method are reviewed at the end of each reporting period.

Intangible assets comprise software having an estimated useful life of 4 years.

### 30th ANNUAL REPORT 2022-23

#### g) Current and non-current classification

All assets and liabilities are classified into current and non-current.

#### **Assets**

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realised in, or is intended for sale or consumption in, the Group's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is expected to be realised within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

Current assets include the current portion of noncurrent financial assets. All other assets are classified as non-current.

#### Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the Group's normal operating cycle;
- It is held primarily for the purpose of being traded;
- it is due to be settled within 12 months after the reporting period; or
- The Group does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

Current liabilities include the current portion of noncurrent financial liabilities. All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

#### Operating cycle

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Based on the nature of operations and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle being a period of 12 months for the purpose of classification of assets and liabilities as current and non- current.

### r) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

#### s) Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

## t) Provisions and Contingent Liabilities

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

## 30th ANNUAL REPORT 2022-23

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Group does not recognise a contingent liability but discloses its existence in the consolidated financial statements.

## u) Employee Benefits

- (i) Short-Term Obligations
  - Liabilities for wages and salaries, including nonmonetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.
- (ii) Other Long-Term Employee Benefit Obligations The liabilities for compensated absences are not expected to be settled wholly within twelve months after the end of the period in which the employees render the related service. These obligations are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method less fair value of plan assets as at balance sheet date. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit and loss.

The obligations are presented as current liabilities in the balance sheet as the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

- (iii) Post-Employment Obligations
  - The Group operates the following postemployment schemes:
  - (a) Defined benefit plan (Gratuity)
  - (b) Defined contribution plans (Provident Fund).

## Defined Benefit Plan (Gratuity)

The Group contributes to the Gratuity Fund managed by the Life Insurance Corporation of India under its New Group Gratuity Cash Accumulation Plan.

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit and loss as past service cost.

#### **Defined Contribution Plans**

The Group pays provident fund contributions to publicly administered provident funds as per local regulations. The Group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

## 30th ANNUAL REPORT 2022-23

#### v) Contributed Equity

Equity Shares are classified as Equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

#### w) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

### x) Earnings Per Share

Basic earnings per share are calculated by dividing the profit or loss for the year attributable to equity to the owners of the Group by the weighted average number of equity shares outstanding during the year. The Group does not have any dilutive potential equity

The Group does not have any dilutive potential equity shares.

#### y) Rounding of Amounts

All amounts disclosed in the consolidated financial statements and notes have been rounded off to the nearest lakhs upto two decimal places as per the requirement of Schedule III, unless otherwise stated.

# z) New and amended standards issued but not effective

The Ministry of Corporate Affairs has vide notification dated 31 March 2023 notified Companies (Indian Accounting Standards) Amendment Rules, 2023 (the 'Rules') which amends certain accounting standards, and are effective 1 April 2023. The Rules predominantly amend Ind AS 12, Income taxes, and Ind AS 1, Presentation of financial statements. The other amendments to Ind AS notified by these rules are primarily in the nature of clarifications.

These amendments are not expected to have a material impact on the Group in the current or future reporting periods and on foreseeable future transactions.

#### aa) New and amended standards adopted by the Group

The Ministry of Corporate Affairs had vide notification dated 23 March 2022 notified Companies (Indian Accounting Standards) Amendment Rules, 2022 which amended certain accounting standards, and were effective 1 April 2022. These amendments did not have any impact on the amounts recognised in prior periods and did not significantly affect the current periods.

#### **Note 2: Critical Estimates and Judgements**

The preparation of consolidated financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Group's accounting policies. This note provides overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the consolidated financial statements.

The areas involving critical estimates or judgements are:

- Estimates of defined benefit obligation Note 23
- Estimate of useful life of property, plant and equipment
   Note 3 (a)
- Impairment of trade receivables Refer Note 41 (A)
- Impairment assessment of non-financial asset Refer Note 44
- Measurement of contingent liabilities Refer Note 35

Estimation and judgements are continuously evaluated. They are based on historical experience and other factors including expectation of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances.

The Holding Company contributes to the compensated absence Fund managed by the Life Insurance Corporation of India under its Holding Company compensated absence Scheme. The liability for compensated absence is determined on the basis of independent actuarial valuation done at year end. Plan assets are measured at fair value as at Balance Sheet date.

#### (B) Defined contribution plans

The Holding Company has defined contribution plan for its employees' retirement benefits comprising Provident Fund & Employees' State Insurance Fund. The Holding Company and eligible employees make monthly contribution to the above mentioned funds at a specified percentage of the covered employees salary. The obligation of the Group is limited to the amount contributed and it has no further contractual or any constructive obligation. The expense recognised during the year towards provident fund is Rs. 89.54 lakhs (31 March 2022: Rs. 81.56 lakhs). The expense recognised during the period towards Employees' State Insurance is Rs. 9.06 lakhs (31 March 2022: Rs.10.12 lakhs).

#### (C) Post-employment obligations Defined benefit plans- Gratuity

The Group provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the Group makes contributions to fund managed by the Life Insurance Corporation of India.

#### (iv) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Increase/	Increase/	Impact on Defined Benefit Obligation			tion
	Decrease	Decrease				
	Change in	Change in Assumption		Increase in Assumption Decrease in Assumpti		
	As at March	As at March	As at March	As at March	As at March	As at March
	31, 2023	31, 2022	31, 2023	31, 2022	31, 2023	31, 2022
Discount rate	1.00%	1.00%	-6.30%	-7.20%	7.10%	8.20%
Salary growth rate	1.00%	1.00%	6.30%	7.40%	-5.70%	-6.80%
Attrition rate	50.00%	50.00%	-1.40%	-0.30%	2.00%	0.40%
Mortality rate	10.00%	10.00%	0.00%	0.00%	0.00%	0.00%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance Sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

#### (vi) Risk exposure

Through its defined benefit plans, the Holding Company is exposed to a number of risks, the most significant of which are detailed below:

**Interest rate risk**: The plan exposes the Group to the risk of fall in the interest rates. A fall in the interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements)

**Salary escalation risk:** The present value of the defined benefit plan is calculated with assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

**Demographic risk:** The Group has used certain mortality and attrition assumption in valuation of the liability. The Group is exposed to the risk of the actual experience turning out to be worse.

**Regulatory risk:** Gratuity benefit is paid in accordance with the requirement of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulation requiring higher gratuity payouts.

**Liquidity risk:** This is the risk that the Group is not able to meet the short-term gratuity payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

**Asset liability mismatching or market risk:** The duration of the liability is longer compared to duration of assets, exposing the Group to market risk for volatilities/ fall in interest rate.

**Investment risk:** The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

#### (vii) Defined benefit liability and employer contributions

The Group's best estimate of contribution towards post-employment benefit plans for the year ended 31 March 2024 are Rs. 217.68 lakhs (year ended 31 March 2023 are Rs.160.59 lakhs).

#### (i) Fair value hierarchy

**Level 1:** Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded debentures and mutual funds that have quoted price. The fair value of all equity instruments (including debentures) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

**Level 2:** The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

#### 30th ANNUAL REPORT 2022-23

(All amounts Rs. in lakhs, unless otherwise stated)

**Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There are no transfers between levels 1 and 2 during the year.

The Group's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

#### (ii) Fair value of financial assets and liabilities measured at amortised cost

The carrying amounts of trade receivables, trade payables, cash and cash equivalents, other bank balances, other financial assets, other financial liabilities, short term borrowings, lease liabilities are considered to be the same as their fair values, due to their short-term nature.

Majorly the security deposits and bank deposits are redeemable on demand and hence the fair values of security deposits and bank deposits are approximately equivalent to the carrying amount.

The non-current borrowings are carried at amortised cost. There is no material difference between carrying amount and fair value of non-current borrowings as at 31 March 2023 and 31 March 2022.

#### 41 Financial risk management

The Group's activities expose it to market risk, liquidity risk and credit risk.

The Group's board of directors has overall responsibility for the establishment and oversight of the Group's risk management framework.

#### (A) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers. The carrying amounts of financial assets represent the maximum credit risk exposure.

A default on a financial asset is when the counterparty fails to make contractual payments as per agreed terms. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

Assets are written off when there is no reasonable expectation of recovery.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Group compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information.

#### Trade and other receivables

Credit risk refers to the risk of default on its obligation by the counter party resulting in financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivable amounting to Rs. 13,360.71 lakhs, Rs. 12,225.19 lakhs as at 31 March 2023 and 31 March 2022, respectively. The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate. The Group has a credit risk management policy in place to limit credit losses due to non-performance of financial counterparties and customers. The Group monitors its exposure to credit risk on an ongoing basis at various levels. Outstanding customer receivables are regularly monitored. The Group closely monitors the acceptable financial counterparty credit ratings and credit limits and revise where required in line with the market circumstances.

Due to the geographical spread and the diversity of the Group's customers, the Group is not subject to any significant concentration of credit risks at Balance Sheet date.

On account of adoption of Ind AS 109, the Group uses a simplified approach (lifetime expected credit loss model) for the purpose of computation of expected credit loss for trade receivables.

The Group calculates expected credit loss on its trade receivables using 'allowance matrix' and also takes into account 'delay risk' on trade receivables.

Significant estimates: The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The Group uses judgment in making these

#### 30th ANNUAL REPORT 2022-23

(All amounts Rs. in lakhs, unless otherwise stated)

assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109, "Financial Instruments", which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Management judgment is required for assessing the recoverability of trade receivables and the valuation of the allowances for impairment of trade receivables. The Group makes impairment allowance for trade receivables based on an assessment of the recoverability of trade receivables. Allowances are applied to trade receivables where events or changes in circumstances indicate that the balances may not be collectible. The impairment allowance is estimated by management based on historical experience and current economic environment, The Group assesses the expected credit losses by calibrating historical experience with forward-looking estimates. This may include information regarding the industry in which debtors are operating, historical and post year-end payment records, as well as creditworthiness of debtors.

#### Cash & cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits accounts in different banks across the country.

#### Other financial assets measured at amortised cost

Other financial assets measured at amortised cost includes security deposits and others. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously.

#### (B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding to meet obligations when due. Management monitors rolling forecasts of the Group's liquidity position and cash and cash equivalents on the basis of expected cash flows.

#### (C) Market risk

#### (i) Foreign currency risk

The Group operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD, GBP, ZAR, CNY and EUR. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Group's functional currency (INR). The Group maintains EEFC bank account for export sales realisation which is generally used for repayment of import obligations (arising out of purchase of raw materials, services and capital goods), therefore, the risk is not a material risk to the Group.

The Group's exposure to foreign currency risk at the end of the reporting period expressed in (Rs.), are as follows:

Particulars	As at 31 March 2023		
Currency	USD	GBP	EUR
Exposure to foreign currency risk (assets)

The Group on a regular basis monitors the changes in interest rate in the market to manage the portfolio of variable rate borrowings.

#### 30th ANNUAL REPORT 2022-23

(All amounts Rs. in lakhs, unless otherwise stated)

#### Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates.

Interest Rates - Decrease by 1.00 basis points (31 March 2022 - 0.50 bps) *	(17.25)	(8.54)		

<sup>\*</sup> Holding all other variables constant

#### (iii) Price risk

The Holding Company's exposure to price risk arises from investments held by the Holding Company and classified in the Balance Sheet as fair value through Profit and Loss. To manage its price risk arising from investments, the Holding Company diversifies its portfolio.

#### Sensitivity

The table below summarises the impact of increases/decreases of the Holding Company's profit for the year. The analysis is based on the assumption that the fair value of investments had increased by 5% decreased by 5% with all other variables held constant.

Particulars	As at	As at
	31 March 2023	31 March 2022
Increase in fair value of investments by 5%	532.55	490.97
Decrease in fair value of investments by 5%	(532.55)	(490.97)

#### Commodity price risk

Commodity price risk arises due to fluctuation in prices of key raw materials. The Group has a risk management framework aimed at prudently managing the risk arising from the volatility in commodity prices and freight costs. The Group's commodity risk is managed centrally through well-established control processes. Further, selling price of finished goods are adjusted due to fluctuation in market prices of key raw materials and Group expects that the net impact of such fluctation would not be material.

#### 42 Events occurring after the reporting period

The Board of Directors has recommended final dividend of Rs. 2.00 (i.e. 40%) per Equity Share of Rs.5.00 each aggregating to Rs. 879.05 lakhs, which is subject to the approval of shareholders in the ensuing Annual General Meeting.

#### 43 Capital management

The Group's objectives when managing capital are to:

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt. No changes were made in the objectives, policies or processes for managing capital during the year ended 31 March 2023 and 31 March 2022.

The Group has complied with the debt covenants as per the terms of borrowing facilities throughout the reporting period.

#### 44 Impairment of non-financial assets

In accordance with Ind AS 36 "Impairment of Assets", the Holding Company has identified Gwalior plant (the 'Plant') as a separate cash generating unit (CGU) for the purpose of impairment review. Management periodically performs an impairment assessment of the CGUs basis internal and external indicators, in order to determine whether the recoverable value is below the carrying amount as at 31 March 2023.

The Holding Company has considered its property, plant and equipment, inventory, trade receivables and other attributable assets and liabilities of the Gwalior Plant as a single CGU. As at 31 March 2023, carrying value of CGU is Rs. 13,237.80 Lakhs.

#### 30th ANNUAL REPORT 2022-23

(All amounts Rs. in lakhs, unless otherwise stated)

The Plant has incurred operating losses during the current and previous years and the economic performance of the Plant, has been significantly lower than the budgets. Therefore, basis these indicators, the Plant has been assessed for recoverability as at 31 March 2023 as to whether, the carrying value exceeds the recoverable value of the Plant. Recoverable amount is value in use of CGU computed based upon projected cash flows from operations, over balance lease term, discounted at rate (determined by an independent registered valuer).

The Holding Company has carried out the impairment assessment of the plant for existence of impairment indicators with the help of an external valuation expert using the discounted cashflow method, which requires management to make significant estimates and assumptions related to forecast of future cash flow projections based on business plans including growth rates and selection of the discount rates to determine the recoverable value to be considered for impairment testing of the carrying value of the aforesaid balances.

Based on above, recoverable value calculated as at 31 March 2023 is Rs. 16,426.00 Lakhs.

Key assumptions used in determining the recoverable value are:

- (a) Weighted avergae cost of capital (discount rate): 14.50%
- (b) Perpetuity growth rate: 4.50%

is as under :-

If in case, discount rate is increase by 0.50% and perpetuity growth rate is decreased by 0.50%, the recoverable value will still exceed the carrying value of the Plant significantly. Hence, no impairment required to be recognized.

45 Capitalisation of expenditure incurred during construction period (refer note 3a)

The costs that are directly attributable to the acquisition or construction of fixed assets have been apportioned to certain property, plant and equipment on reasonable basis. Details of such costs capitalised by Holding Company

The e-voting module shall be disabled by CDSL for voting thereafter.
  - (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
  - (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 09, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote evoting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholder's/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

None of the Directors, Key Managerial Personnel of the Company and their relatives are in any way concerned or interested, financially or otherwise in the resolution as set out at item no. 4 of the Notice.

The Board recommends the Ordinary Resolution as set out at item no.4 in the Notice for approval by the members.

#### Item No. 5:

Mr. Arvind Kumar Sharma (DIN:01417904) was appointed as an Independent Director of the Company pursuant to the provisions of Section 149 of the Companies Act, 2013 ("Act") read with the Companies (Appointment and Qualification of Directors) Rules, 2014 and relevant regulations of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, by the Shareholders at the 26th Annual General Meeting ("AGM") of the Company, according to which he holds the office as an Independent Director of the Company for a term of 5 (Five) consecutive years commencing from February 13, 2019 to February 12, 2024.

As per Section 149(10) of the Act, and Regulation 25 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, an Independent Director shall hold office for a term of upto five consecutive years on the Board of a Company, but shall be eligible for reappointment on passing a special resolution by the Company for another term of upto 5 (Five) consecutive years on the Board of a Company.

The Nomination and Remuneration Committee (NRC) and Board of Directors after taking into account the performance evaluation of Mr. Arvind Kumar Sharma (DIN:01417904) and considering his knowledge, acumen, expertise, experience and substantial contribution, has recommended to the Board his reappointment for second term of 5 (Five) years. The NRC has considered his diverse skills, leadership capabilities, expertise in governance, legal, risk management & regulatory advisory, business reorganization, and vast business experience, among others, as being key requirements for this role. In view of the above, the NRC and the Board are of the view that Mr. Arvind Kumar Sharma (DIN: 01417904) possesses the requisite skills and capabilities, which would be of immense benefit to the Company, and hence, it is desirable to reappoint him as an Independent Director.

Based on the recommendation of the NRC, the Board recommended the reappointment of Mr. Arvind Kumar Sharma (DIN:01417904), as an Independent Director of the Company, not liable to retire by rotation, to hold office for a second term of five consecutive years on the Board of the Company commencing from February 13, 2024 to February 12, 2029.

Mr. Arvind Kumar Sharma (DIN:01417904) is not disqualified from being appointed as Director in terms of Section 164 of the Companies Act, 2013 and confirmed that he is not debarred from being appointed/continuing as a Director of the Company by virtue of any order passed by SEBI/other regulatory authority and he has given his consent to act as an Independent Director in Form DIR-2. The Company has received declaration from Mr. Arvind Kumar Sharma (DIN:01417904) stating that he meets the criteria of independence as prescribed under sub-section (6) of Section 149 of the Companies Act, 2013 and under Rule 6 of the Companies (Appointment and Qualifications of Directors) Rules, 2014 and as per Regulation 16 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") and he also confirmed that his name is included in IICA data bank, he also provided exemption certificate from appearing in online proficiency exam.

In terms of Section 160 of the Companies Act, 2013, the Company has received a notice in writing from a member for proposing the candidature of Mr. Arvind Kumar Sharma to be re-appointed as an Independent Director of the Company as per the provisions of the Companies Act,

#### 30th ANNUAL REPORT 2022-23

2013. He shall be paid remuneration by way of fee for attending meetings of the Board or Committees thereof or for any other purpose whatsoever as may be decided by the Board, reimbursement of expenses for participating in the Board and other meetings.

In the opinion of the Board, Mr. Arvind Kumar Sharma (DIN:01417904), fulfil the conditions for appointment as an Independent Directors as specified in the Companies Act, 2013 and the Listing Regulations and he is independent of the management.

Further, as per Regulation 17(1A) of the Listing Regulations with effect from April 01, 2019, no listed Company shall appoint or continue the directorship of a non-executive director who has attained the age of 75 years, unless a Special Resolution is passed to that effect and justification thereof is indicated in the statement annexed to the notice for such appointment.

Mr. Arvind Kumar Sharma (DIN:01417904) would be attaining the age of 75 years during his second tenure, if appointed and considering his experience as explained

herein above, the Special Resolution is proposed to be passed under Item No. 5 of the accompanying notice of the AGM of the Company.

Copy of the draft letter of appointment of Mr. Arvind Kumar Sharma (DIN:01417904) setting out terms and conditions of appointment is available for inspection by the Members at the Registered office of the Company between 3:00 p.m. to 5:00 p.m. on all working days (except Saturdays, Sundays and Public Holidays), up to the date of this Annual General Meeting (AGM).

Save and except Mr. Arvind Kumar Sharma (DIN:01417904) and his relatives, none of the other Directors, Key Managerial Personnel (KMP) of the Company and their relatives are, in any way, concerned or interested, financially or otherwise, in the Resolutions set out at Item No. 5 of the accompanying Notice.

The Board recommends the Special Resolution set out at Item No. 5 of the accompanying Notice for approval of the Members.
